Catholics Told Lenten Fast Is Cut To 2 Days

VATICAN CITY (AP) — Pope Paul VI decreed major changes today in the centuries-old rules of fasting and abstinence for the world's Roman Catholics.

Days of fasting during the pre-Easter Lenten season were reduced to two — Ash Wednesday and Good Friday. The obligation to abstain from meat on all Fridays remains in force but children do not have to observe it until they are 14. The present age is 7.

The Pope specified that Friday abstinence applies only to meat — not to eggs, dairy products and soups and gravies made with animal fat.

Ash Wednesday was made a day of abstinence as well as a fast day—meaning no meat can be eaten.

The Pope decreed the changes in an apostolic constitution titled "Do Penance."

The new regulations were announced in Washington Wednesday night by the apostolic delegate to the United States, Archbishop Egidio Vagnozzi, through the National Catholic Welfare Conference.

Ancient Rule

The Washington announcement said the Pope had issued new regulations for days of fast and abstinence "making them apply only to Ash Wednesday and Good Friday."

"The traditional law requiring Catholics to abstain from meat on Friday remains in effect," the announcement added.

"The age bracket for the law of fasting remains the same," it said, "beginning at 21 and ending with the beginning of the 60th year."

Abstinence in the Catholic Church means no eating of meat. Fasting means limited consumption of food and meat may or may not be part of the menu.

The new rules become effective Feb. 23, Ash Wednesday this year.

Lent, the period between Ash Wednesday and Easter, corresponds to the period Christ fasted in the desert. In the Catholic Church these 40 days (excluding Sundays) were observed by fasting as early as the 3rd and 4th centuries.

May Have Option

The observance spread but it varied widely and in some cases less rigid rules were adopted.

Vatican sources say that with-in a year Pope Paul may give bishops an option to abolish the year-round rule of meatless Fridays.

During the last week of the Vatican Ecumenical Council in

PRESIDENT JOHNSON and Secretary of the Treasury Henry Fowler display at the White House Wednesday a large-size replica of a \$100 "E" series saving bond with the increased interest rate—4.15 per cent—stenciled on it. The President announced increase of four-tenths of one per cent in interest on both "E" and "H" series savings bonds. (AP Wirephoto)

Seamen's Union To Consider

Boycott Of Red Aid

MIAMI BEACH, Fla. (AP) — Maritime unions meeting here today reportedly will consider boycotting foreign ships — including those of Allied nations — that trade with North Viet Nam. The boycott in effect would close U.S. ports to hundreds of foreign vessels.

A spokesman for the AFL-CIO Maritime Trades Department

said the International Longshoremen's Association which imposed a boycott against U.S. wheat shipments to the Soviet Union two years ago, will propose the new boycott.

The spokesman said such a boycott would affect ships of Great Britain, France, Norway, Italy, Greece, United Arab Republic and other nations that have dealt with North Viet Nam.

May Not Load

"The ILA is seriously considering refusing to load any such ship," the spokesman said.

ILA President Thomas W. Gleason is expected to ask support of the boycott by the 28 other maritime unions meeting here today and Friday.

The spokesman said Gleason may even go a step further and

propose applying the boycott to all ships of any nation that sent even one vessel into North Viet Nam ports.

"The people who have been trading with North Viet Nam are going to get hurt by this proposal if it goes through," the Maritime Trades spokesman said.

Reject Blacklist

He said federal officials have refused requests of the maritime unions to blacklist such ships as the United States once did to vessels trading with Cuba.

"The State Department does not want to offend Great Britain, France, Norway, Italy, Greece and those other countries which have been making a pretty penny dealing with North Viet Nam," the union spokesman said.

"They have delivered hundreds of tons of cargo to North Viet Nam and they have the gall to come to U.S. ports," he said.

While Gleason, with the support of other maritime unions boycotted U.S. wheat shipments to the Soviet Union in 1964, it took White House action to persuade them to resume loading the Soviet-bound ships.

Grain In '66 To Be Ample

GRAND RAPIDS (AP) — With average weather this year, American agriculture expects a wheat crop of up to 1.4 billion bushels to make a total supply of some 2 billion bushels of wheat.

No shortages of commodities were in sight or threatened, said Horace Godfrey, chief of the Agricultural Stabilization and Conservation Service (ASCS).

The agency administers U.S. Department of Agriculture price support and crop adjustment programs. Godfrey spoke at a Michigan ASCS conference in Grand Rapids.

He noted an "urgent need" to reduce carryover stocks of feed grains, cotton and tobacco.

"As to wheat," Godfrey said, said, "we expect to carry over into the next crop year as much as we use for food and seed in a full year—600 to 650 million bushels—despite our stepped-up aid to India."

Press Club Offers Prizes

DETROIT (AP) — Twenty prizes of \$250 each will be awarded to Michigan journalists or college journalism students at the first annual Detroit Press Club Foundation awards dinner in May.

Arjay Miller, president of Ford Motor Co. and foundation president, said the foundation also would present an award to the newspaper, magazine, radio or television station which had made best use of its facilities in accomplishing distinguished public service.

Professional newsmen may enter the categories of reporting under deadline, reporting without deadline, editorials, photography and feature writing.

The categories of reporting or feature writing for a newspaper or magazine, news reporting for radio or television or photography or editorials for any media are open to college students.

Governors Hear Romney Talk On Water Resource

LANSING (AP) — Gov. George Romney leaves for Lexington, Ky., today to take part in a special governor's conference in which water resources and pollution top the agenda.

Chief executives of 10 states will be on hand for the two-day meeting. Conference chairman is Gov. Karl F. Roalvaag of Minnesota.

Govs. Otto Kerner of Illinois, Warren P. Knowles of Wisconsin, James A. Rhodes of Ohio, and Romney will discuss water pollution today.

Today's Chuckle

A little girl was describing a set of scales: "It's something you stand on and then get really mad."

Viet Nam War Brings U.S. Inflation Peril

Johnson Asks \$10 Billion To Aid Education

ATLANTIC CITY, N.J. (AP) — Four short years ago the nation's school administrators urged the government to invest an astronomical \$3 billion in education and were roundly criticized for their presumption and their naivete.

Wednesday night President Johnson told the same group that his budget this year proposed a \$10-billion investment in education and no one was even surprised.

And that's the way it is in education — reality keeps gaining on the dream. It never quite catches up, and often it falls far behind, but it remains forever in pursuit.

The President told the American Association of School Administrators he is sending Congress five top priority requests.

One of them is "to double funds for our imaginative and precedent-breaking Operation Head Start, which will next year help more than 700,000 youngsters from poor homes get ready for the rigors of learning."

Free Head Start

But the dream once more is ahead of reality. Only hours earlier the AASA adopted without dissent a resolution which declared: "We urge that free public pre-kindergarten and kindergarten education of the best quality be available to every young child in the United States."

Johnson, who made a flying trip here to receive the 1966 American Education Award for his efforts in "the education of mankind," was roundly applauded as he ticked off his priority requests to Congress.

Besides the one on Head Start, they are:

"To enlarge each one of the programs in the Elementary and Secondary Education Act and to make them run through 1970."

"To fund the new National Teachers Corps so that our best college graduates can be recruited to work in our worst schools."

Child Nutrition Act

"To pass the child nutrition act of 1966 to help pay for school lunches for those who really need them, without subsidizing those who can afford to buy their own. We also want school breakfasts for children who would otherwise start the day with empty stomachs."

President Johnson said Wednesday night of his present proposals, "I promise you that this is only the beginning."

He said tomorrow's schools, "will provide formal education for all citizens — and it will not close its doors at 3 o'clock. It will employ its buildings round the clock and its teachers round the year. We cannot afford to have an \$85-billion plant in this country open less than 30 per cent of the time."

This, he said, is "the kind of education which must be the great and urgent work of our time."

And this is what the educators have been saying for years as their dreams outraced reality.

HOLLIS Victor Robinson, 19, of Birmingham, Ala., is charged with attempted murder of Patricia Adams, 13, top left, with a valentine booby trap he sent to her sister, Nancy, 17, who had jilted him. (AP Wirephoto)

Valentine Bomb Injures Teenager

BIRMINGHAM, Ala. (AP) — Police said love that turned to hate motivated a teen-age shipping clerk to send his former sweetheart a booby-trapped valentine that injured her little sister.

The teen-ager, Hollis Victor Robinson, 19, was quoted by Detective Jake Turner as saying that he didn't know why he rigged the gift and at the time didn't know it could kill. He said he later realized it could have killed the girl and is glad it didn't.

This comment of Robinson's was incorporated in a statement admitting he rigged the huge "valentine" with the working end of a sawed-off shotgun inside a newspaper-wrapped package.

The package was intended for Nancy Adams, 17, a high school cheerleader, but her sister Patricia, 13, opened it and received the shotgun blast in her foot Wednesday.

The girl was reported in fair condition at West End Hospital. Physicians said the blast had not broken any bones in her foot.

Robinson was charged with assault with intent to murder. Detective A. Wallace said that after Robinson signed the statement, he took officers to a rural area where he had thrown away pieces of the shotgun he used to make the booby trap.

Wallace quoted Robinson as saying he had planned the shooting for two weeks in revenge for a broken romance between him and the pretty cheerleader.

The package was wrapped in newspapers and had a large heart painted on it. With

Fair Condition

the case was attached a note which read: "A Valentine to Nancy."

"Love You" — Bang!

"On the day of Valentine (better late than never) anyway."

"To the nicest girl in West End goes the biggest Valentine around."

"Love you, Jimmy."

Patricia did not read the card, but called to her sister, "It's too heavy. I can't pick it up."

She tipped the package on its side, opened it and the shotgun roared.

The girls were alone in the house at the time of the incident. Their parents, Mr. and Mrs. James M. Adams, had left for work at Avondale Mills just minutes before the package was placed on the doorstep.

Wallace quoted Nancy Adams as saying she and Robinson had been engaged but had broken the engagement last year.

Detectives said that had the package been opened as intended, it would have blown the victim apart. They said ordinarily the case would have been placed on a table or other support on the level of the middle part of a person's body when it was opened.

Robinson was charged with assault with intent to murder.

Conflict Needs, Civilian Boom Press Economy

NEW YORK (AP) — The impact of the Viet Nam war on the American economy is growing. It hasn't reached the proportions of the Korean War, when wage and price controls were imposed, but it is very real. And it brings with it the ominous threat of inflation.

Labor and material shortages are occurring and some transportation is being taxed.

Government officials and business executives face problems that will have to be solved as the Viet Nam conflict escalates. Liaison between government and business has become an everyday affair as the administration seeks cooperation on prices, balance of payments and availability of strategic supplies.

Plane Plants Hum

Big orders for airplanes and helicopters are keeping the aircraft plants humming. Apparel manufacturers are having a hard time meeting government needs for uniforms. Airlines are struggling to haul vast quantities of materials and men to the war zone.

The military demands are coming on top of a booming civilian economy that has pushed factories to capacity or near capacity production. Apprehension about inflation is rising.

All forecasts of stock market and economic activity are hedged by the uncertainty of the Viet Nam situation.

The sensitive stock market has been jolted by talk of war and talk of peace. Recently a report of a peace feeler by North Viet Nam sent it into a brief tailspin.

Semi-War Market

Commenting on the market's reaction, Eldon A. Grimm, a senior partner in the big brokerage firm, Walston & Co., said: "We are in a financial foxhole — a semiwartime market."

Prudential Insurance Co. of America said stepped-up military activity in Viet Nam, coupled with growing inflation, has prompted it to revise upward its economic forecast for 1966.

Prudential's chief economist, Dr. William V. Freund, now sees the 1966 Gross National Product—total of all goods and services—at \$726 billion, up from a \$714 billion prediction issued last November.

The 1965 Gross National Product was \$676 billion, up 7.5 per cent from 1964.

Secretary of the Treasury Henry H. Fowler said the Viet Nam escalation is pulling gold and dollars out of the United States at a \$700-million-a-year clip. This outlay goes for troop costs, construction and purchase of supplies that cannot be obtained in the United States.

Raise Bond Interest

Fowler said the administration is holding to its goal of trying to balance the U.S. international payments position this year but he warned that a fresh jump in Viet Nam costs could put the target out of reach.

Fowler has quoted President Johnson as saying that the prime reason for maintaining the sales of savings bonds, on which interest has been raised, is to help meet the cost of the Viet Nam war. The secretary also said that the savings bond program could prove one of the nation's most valuable weapons in averting inflation.

It seemed likely that Johnson's Great Society program might be a major victim of the war. Increases in appropriations for the domestic war on poverty and other programs already have been pared. Further cuts could come if war expenditures mount.

Man-Eater Fish Strikes In State

GRAND RAPIDS (AP) — The man-eating piranha — a small fish peculiar to the Amazon River in South America — has recorded a victim in Grand Rapids.

Roger Selner, manager of the fish department at a pet store here, lost the tip of his right index finger Wednesday to one of the ferocious fish.

He was transferring the piranha from a tank when it chewed through a transfer net and nabbed Selner's finger. The manager was treated by his family physician.

CORRESPONDENTS of the Escanaba Daily Press lunched with members of the Press staff at the House of Ludington Wednesday and discussed regional news coverage. From left: Mrs. Jennie Crawn, Gernfask-Curtis; Mrs. William Bucholtz, Trenary; Mrs. Thomas Safford, Ensign-Rapid River; Mrs. Harvey Sundin, Isabella; Mrs. Margaret Adams, Press bureau manager, Gladstone; Mrs. Albert Weldum, Rock.

Daily Press, Correspondents Explore Roles:

News Should Reflect Change In Community

Changes in news reporting to reflect the changes in American living were reviewed by the staff of the Escanaba Daily Press Wednesday at a luncheon in the House of Ludington with its correspondents and bureau managers.

The days when northern cities like Escanaba were fairly static in residency were recalled and contrasted with today's situation of frequent movement of American families. (One in five moves every year.)

Until after World War I the railroad station was a prime source of "news" as reporters asked travelers where they were going or coming from and the newspapers published the information in personal items. Short travel then was unusual enough to be regarded as newsworthy and much of the correspondence from rural and small city reporters was about the comings and goings of people.

Although half of Americans still don't go farther than 100 miles from their home in a year the rest of them go so far and so fast that travel is now so commonplace that it has lost much of its news luster. Most night flights on North Central have someone aboard who was in London or Paris that morning.

Duty To Inform

The turnover in residents also make personal items less meaningful than they used to be because the more fluid state of community residence

doesn't make for the wide acquaintanceship of other years. Reporting should reflect these changes, suggested Editor Jean Worth to the Press' correspondents.

He said that while the accent in TV and radio was to entertain, the prime function of newspapers was to inform and that many items of news which appear in every issue of the Press are to be found nowhere else. To be informed about local government, politics, business and other things there is no substitute for the press, he said.

The stress in the conference was on collaboration of the correspondents and the Press in reporting and interpreting the communities in its big circulation area. Circulation Manager George Coan said The Press prints more than 10,000 copies daily, of which carriers distribute about 4,000 in Escanaba, over 1,000 in Gladstone, nearly 900 in Manistique and 1,400 in areas outside cities, 870 by motor routes, more than 1,500 by mail and over 400 by news dealers.

Wide Area Covered

The Press has carrier service to its readers in Trenary, Rock, Perkins, Carroll's Corners, Flat Rock, Five Corners, (Danforth), Soo Hill, Groos, Powers, Spalding, Hermansville, Schaffer, Bark River, Garden, Nahma, Rapid River (three routes), Kipling (2), Bay View, Gernfask, Gulliver, Gould City, Seney, McMillan, Engadine and Naubinway. This span from Hermansville east to

Naubinway is more than 130 miles and it is augmented by motor carrier deliveries on four routes and by mail delivery. The Press maintains news, advertising and circulation bureaus with full-time staffing in Gladstone and Manistique.

Changing reporting for changing communities was theme of the luncheon program and Press Managing Editor Clinton Dunathan, City

Editor David Andrews, Woman's Editor Jan Martin, Photographer Bernard Schultz spoke on implementation of the change.

Changes Stressed

The changing pattern of organization of local communities creates new responsibilities of information for the press, which were reviewed. School consolidations, multi-county health services, upcoming vocational school

districts and the new intermediate school districts all call for information on area developments where once there was need for only local information in these fields.

The Upper Peninsula's changing economy and its bright new prospects for economic growth were also discussed as lively subjects for articles from the correspondents.

AMONG THE Escanaba Daily Press' correspondents attending a conference with Press staffers at the House of Ludington Wednesday were, from left: Frank Rodman, Hermansville; Mrs. David Draz, Spalding; Mrs. Alfred Dahl Jr., Cornell; Mrs. James Casey, Wells; Mrs. George Larson, Danforth; Mrs. Louis Tounignant, Schaffer; and Mrs. I. R. Nelson, Bark River. Not pictured: Mrs. Val Schroeder, Engadine; Mrs. Alfred LaVallee, Garden; Mrs. Victor Thibault, Nahma; Mrs. Charles Smith, Seney; Mrs. Don Depuydt, Perkins. April 1 Moved To February 17

By JERRY BUCK

NEW YORK (AP) — Niagara Falls has gotten a notice that its water may soon be turned off.

Did they forget to pay last month's water bill? Or is it an antihoneymoon plot hatched by the likes of those who planned to blow up the Statue of Liberty?

No, it's just the U.S. Army Corps of Engineers.

The engineers are looking for a way to turn off the falls to give it a face-lifting. Rock slides, it seems, are threatening to ruin the American side of the falls.

Although the announcement came from the Corps of Engineers, it can be revealed that the idea originated in one of the most hush-hush agencies in Washington — Operation G.E.N.I.U.S.

Operation G.E.N.I.U.S. is dedicated to the proposition that man's ingenuity knows no bounds.

He can put a spacecraft on the moon, move the ancient statues in Egypt's Nubian Valley, tame the rampaging Mississippi River.

Operation G.E.N.I.U.S., by the way, stands for Great Engineering Nuggets of Ingenuity Under Study.

Here are a few of its other hush-hush programs:

Project Westward Ho — This is a plan to move Washington, D.C., lock, stock and White House, from the banks of the Potomac to the Pedernales. Despite the coincidence the project has been under study for more than a hundred years. The idea was to shorten stagecoach travel from the West to the Capital. In later years, however, the feasibility study staff grew too

large to dismantle without affecting the nation's economy.

Project Liberty — In 1886 the Statue of Liberty was erected in New York Harbor, and there she has stood ever since. In response to requests from several Midwestern senators, G.E.N.I.U.S. has undertaken a study of sending the Statue of Liberty on a nationwide tour.

Project Mountain — Three years ago Mohammed, a small resort on Florida's Atlantic Coast, was casting about for some means to compete with its neighbor, Miami. The city fathers hit upon the idea of erecting a mountain — something even Miami doesn't have. They approached the government's surplus mountain disposal agency, which in turn called in G.E.N.I.U.S. A study is now under way to see how to get the mountain to Mohammed.

Only one proposal brought to the agency for solution has been dismissed by its engineers as impractical. That was how to make an automobile graveyard look a little more presentable.

CATV Ruling Called Fair To Upper Peninsula

WASHINGTON (AP) — Rep. Raymond F. Cleveland, D-Mich., said Wednesday decisions made by the Federal Communications Commission on cable television appears to be a reasonable compromise as far as the people of Upper Michigan are concerned.

The FCC, following a proposal it made last April, asserted Tuesday jurisdiction over all community antenna television systems. It also reduced the protection CATV companies must provide local broadcasters.

"My concern in this matter," Cleveland said, "has been with the thousands of Upper Michigan families who are beyond the reach of multichannel television viewing and with local stations that fill a very important need in our area."

"Thus we must have cable television as well as strong local television stations if Upper Michigan is going to benefit from television's full potential."

Coast Illness Is Asian Flu

BERKELEY, Calif. (AP) — The virus that has kept 250,000 Los Angeles children out of school has been identified by the California Department of Health as Asian flu.

Doctors at the department's virus laboratory made the identification Wednesday. The bug causes headaches and stomach upsets of a sort more intense than ordinary flu. It first came to California in 1957.

In the past two weeks, the strain has caused absenteeism to reach as high as 25 per cent in some school districts. A high number of teachers also have been hit.

The Los Angeles County Health Department has labeled the outbreak an epidemic, but has made no plans to close schools where about 530,000 pupils remain.

McMillan

Mrs. Frank Kirby and Jane spent the weekend in Muskegon visiting with friends.

Mrs. Robert Couturier and Terry and Mrs. Audrey Sanborn were callers in the Sault on Tuesday.

Mrs. Nevin Anderson left Sunday evening for Ypsilanti to be with her husband, who is employed there. She will also visit her daughter and family, Mr. and Mrs. Walter Williams. Mrs. Geraldine Nickols accompanied her mother downstate.

Sp-4 Marvin Williams left Saturday evening for Fort Benning, Ga., after spending a furlough visiting with his mother, Mrs. Evelyn Williams and family.

Miss Norma Carver who is employed at Birmingham arrived here Sunday morning to spend a few days visiting with Mrs. Evelyn Williams and family, also friends in town and relatives in Newberry.

Mr. and Mrs. Edward Brondyke of Kalamazoo are spending their honeymoon visiting friends and relatives in McMillan and Gernfask. Mrs. Brondyke is the former Jean Ann Skinner, daughter of Mr. and Mrs. Jack Skinner of Kalamazoo and the granddaughter of Mrs. Etta Skinner.

WCS Meets

W.S.C.S. met Tuesday afternoon at 1 p.m. at the home of Mrs. Alfred Crawford with six members present. Vice-president, Kirby called the meeting to order with Rev. Carl Shambien leading the group in prayer. Due to the absence of Mrs. Wheeler there were no minutes of the last meeting. A financial report was given and the flower fund report was given. A motion was made by Muriel Crawford to increase the pledge to missions from \$10 to \$15. Rev. Shambien presented a lesson on the Book of Ephesians. Being no further business, the meeting was adjourned to meet at the home of Mrs. John McLaren on March 1, at 7:30 p.m. A lunch of a birthday cake and salad was served by the hostess in honor of Mrs. Skinner's birthday. Those present were, Rev. and Mrs. Carl Shambien and grandsons, Franklin and Randy, Leola McLaren, Viola Kirby, Etta Skinner, Etta Mundt.

Mrs. Etta Skinner attended the wedding of her granddaughter, Jean Ann Skinner to Edward Brondyke at Kalamazoo on Saturday afternoon.

Ski Report

Upper Peninsula

Indianhead, Wakefield — 15 inch base, 13 inches new snow, skiing excellent.

Porcupine Mountains, Ontonagon—14-15 inch base, 6 inches new snow, skiing excellent.

Powderhorn, Bessemer—12-18 base, 9, excellent.

Pine Mountain, Iron Mountain—10-30 base, excellent.

Climax Ridge, Marquette — 6 base, 2, fair.

Mont Ripley, Houghton — 18 base, 4, fair.

Skating Event Set Saturday

The 18th Annual Grade School Playday will be held Saturday, Feb. 19, beginning at 2 p.m. at the Royce Park rink. The program is sponsored each year by the City Recreation Department in cooperation with the Escanaba Area Public and Parochial schools.

Boys and girls from the fourth, fifth, and sixth grades of each school compete in skating races of 110, 220 and 440 yards. First, second, third, and fourth place finishers receive ribbons, and emblems are awarded to the high point winners of each school. The school with the greatest number of points earned by its skaters during the meet is crowned champion.

Webster School captured first place last year with a total of 77 points and Lemmer took runnerup honors with 60 points. St. Anne School finished third with 47 points, St. Pat's was fourth with 29, St. Joe picked up 21 points for fifth place, Washington took sixth place with 13 points, and Jefferson was the only other school to get in the scoring column, registering 3 points.

Sue Winchester of Lemmer and Sally Grabowski of St. Joe were the outstanding skaters in the girls' division, each picking up 15 points by taking first place in every race in their grade level.

Gary Provo of Webster and David Rader of St. Pat took honors in the boys' division scoring 15 points apiece by winning every race in which they were entered. Provo won every race in the 6th grade boys' competition and Rader swept honors in the 5th grade boys' 110, 220, and 440 yard races. If ice conditions are unfavorable the meet will be postponed until Saturday, Feb. 26.

Science Grants For 115 At UM

ANN ARBOR (AP) — The National Science Foundation has awarded the University of Michigan \$610,000 in grants to support a graduate trainee program, U-M said Tuesday. The money will be used for living expenses and tuition for 115 students in three separate programs at the school of graduate studies.

Gamble Pays Off:

Slum Boys Make Good In Harvard

CAMBRIDGE, Mass. (AP) — The boys who learned their first lessons in the slums when they probably never dreamed of college have made their mark at Harvard.

Harvard's deans said today the college has won its gamble on more than 200 youths it has admitted since 1957 who never would have qualified if judged on their college board test grades.

The 200, chosen partly for their courageous response to a poverty-stricken upbringing, are no ordinary scholarship holders. Most were raised in city slums. Many attended unaccredited high schools. More than 50 per cent are Negroes. A few are

Briefly Told

City skating rinks will be open for public skating Friday night and over the weekend, it was announced today by the City Recreation Department.

Club 314 will be closed Friday night and Saturday afternoon for this week only. The Friday night closing is to allow Club members to attend the Holy Name-Escanaba basketball game and Saturday afternoon all supervisory personnel will be at Royce Park conducting the annual Grade School Playday.

The Bay de Noc Barber-shoppers will present a song test for the residents of the Bishop Noa Home in Escanaba tonight beginning at 7:15 p.m. The program will take place in the main lobby at the home. Lunch committee chairman Mike O'Donnell will serve his famous chicken.

Regularly scheduled immunization clinics the next two Fridays have been cancelled. Next clinic planned by the Delta-Menominee District Health Dept. will be held from 2 to 4 p.m. Friday, March 4, at the Delta County building.

The monthly meeting of the Hyde Kings and Queens 4-H club will be Thursday evening at the Ford River Township hall from 7 to 8:30 p.m. The first year clothing girls are requested to be present to get instructions for materials and dates to start their projects. Games will follow the meeting.

Cong's Mines Score At Saigon

SAIGON, South Viet Nam (AP) — U.S. and South Korean troops pushing on with Operation White Wing 300 miles north of Saigon struck the Viet Cong in four separate sectors today and claimed 80 killed.

The Communists had their ining in Saigon.

Two Claymore mines set by terrorists shortly after noon near the headquarters of the Vietnamese joint general staff killed 12 Vietnamese and wounded 60. Six of the dead and 44 of the wounded were military personnel.

Bad weather returned to North Viet Nam but U.S. Air Force and Navy pilots flew 27 missions Wednesday against bridges around Vinh and Dong Hoi and storage areas south of Dien Bien Phu. Spokesmen said the weather prevented assessment of damage.

The United States acted to put more juice into the civil programs emphasized by President Johnson at the Honolulu conference. Deputy U.S. Ambassador William Porter was named to boss all American aspects of the largely stalled rural pacification program.

Work Accidents Kill 14,100 And Cost \$6 Billion

CHICAGO (AP) — Workers killed in accidents on the job totaled 14,100 in 1965, the National Safety Council said today. This was 100 fewer than in 1964. Disabling injuries, however, rose to 2,100,000 from 2,050,000 the preceding year.

The council placed the cost of work accidents to the United States economy at \$6 billion. This consisted of lost wages, medical expenses, overhead costs of insurance, interrupted production schedules, time lost by workers other than those injured and losses from work-associated fires.

Nine Days Left:

Auto License Deadline Near

To avoid waiting in line for your 1966 auto license plate or the embarrassment of arrest for expired plates after March 1, better not wait any longer to buy your new license.

The office of the Secretary of State for the sale of plates in Delta County is at the Greyhound bus line office, 615 Ludington St., and the manager is Claude Tobin.

"We were behind in the sale of plates but it has picked up and we are close to last year's volume," Tobin said. "But there are about 3,000 more

passenger plates yet to be sold by March 1 to equal last year—and because of the increasing number of cars every year this could reach 3,500."

The week of Feb. 20 is the last full sales week with Monday, Feb. 28, the final day. All vehicles must have 1966 license plates by March 1.

James M. Harc, secretary of state, said that the processing of applications for plates slowed this year because of the collections for the Motor Vehicle Accident Claims fund being conducted in conjunction with plate sales. It is taking up to two or three times longer to handle each plate customer, he said.

At Escanaba, Tobin advised car owners to get a license application blank in advance and complete filling it out before coming to the license office "to save themselves time."

"Because of the insurance angle, it is taking a longer time to process the applications," Tobin said. "Applicants should make sure that before they come in they bring with them either their insurance policy, a certificate from their insurance company, or a letter from their insurance company."

The license office is open daily from 8:30 a.m. to 5 p.m. including Saturdays, Tobin announced. There are four persons on duty.

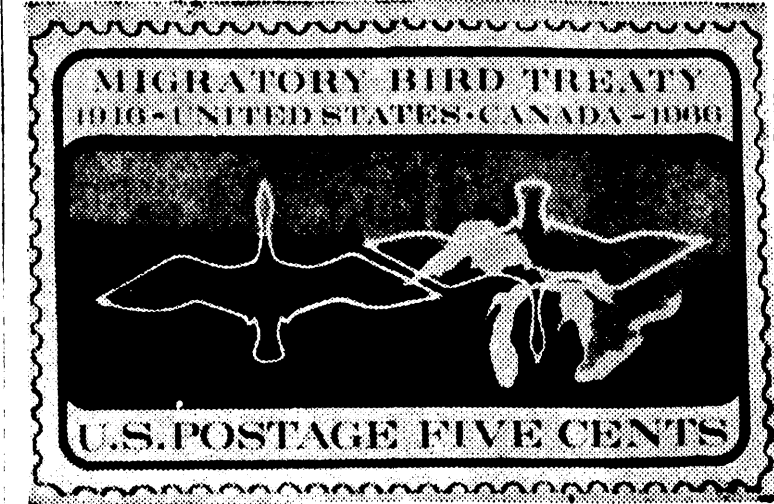

Tobin summed up the situation by suggesting:

- 1—There is likely to be a last-days' rush;
- 2—Obtain application blanks and completely fill them out before coming to the office for your plates;
- 3—Make sure you have your insurance policy or a certificate or letter from your insurance company;
- 4—Don't forget your car title, of course.

Santo Domingo Strike Broken

SANTO DOMINGO, Dominican Republic (AP) — The majority of the Dominican Republic's labor leaders agreed today to end a damaging general strike after President Hector Garcia-Godoy promised to send two top military officers abroad.

The strike leaders acted shortly after the president warned in a radio-television speech that government employees would lose their jobs if they did not resume work today.

THE POST OFFICE Department is issuing a new stamp commemorating the 50th anniversary of the U.S.-Canadian treaty protecting migratory birds. The red, white and blue five-cent stamp, designed by Jacksonville, Fla., artist Burt E. Pringle, goes on sale March 16 in Pittsburgh, Pa., in conjunction with the annual North American Wildlife and Natural Resources Conference.

Soapy To Run If Pat Doesn't

GRAND RAPIDS (AP)—Former Gov. G. Mennen Williams sidestepped any direct comment Wednesday night on his possible political plans by saying "the field isn't open."

He spoke with newsmen prior to his address before the Michigan Conference of the Agricultural Stabilization and Conservation Service (ASCS).

"I've got to wait until the proper time," he said when asked whether he would consider a run for the U.S. Senate. He has been mentioned as a contender for the post now held by Sen. Patrick V. McNamara, D-Mich.

"I'm for Sen. McNamara," said Williams. "If he decides not to go, then I'll run for it. He's done a great job for Michigan and I think he can take his time in making a decision."

Williams, now assistant secretary of state for African affairs, said McNamara has indicated he would make a decision by April.

The six-term governor declined comment on any of the announced candidates for Republican senatorial nomination. "From what I know, they're all honest and decent people, he said.

Of Democratic Party dissent to the President's policies on Viet Nam, Williams said: "It's a free country. Everybody is entitled to his opinion. I hope everyone ends up realizing what the facts are and moves in an effective way after that."

Williams said the proposed ban of Communist speakers from state college and universities was not a new question. "I think freedom of speech is an inherent part of university life," he said. "But in our competitive race for education, I think most of our students are reasonably mature and can handle this sort of thing," he said.

In his formal address, Williams said the President's determination "to enlist the resources of the United States in the war against hunger is something to which I can attest from personal observation."

He said the program basically envisions greater American farm production to meet all domestic and foreign requirements. "It gives farmers a chance to produce increased crops in a coordinated program...to put every food product to good use in the war against hunger instead of into surplus storage," he added.

KALAMAZOO (AP) — U.S. Rep. Robert Griffin indicates he may not force a primary election fight if Republican leaders choose someone else to run for the U.S. Senate.

Griffin said in an interview Wednesday, however, that he is confident leaders meeting Saturday in Lansing will either pick him or be unable to substantially unify behind any candidate.

The nearly 300 district, county and state leaders are picking among Griffin, State Sen. Guy VanderJagt of Cadillac and Leroy Augenstein, Michigan State University professor, the survivors of earlier balloting.

Griffin said there would "certainly be a primary" if leaders reach no consensus. He added: "I have been and am a strong party man and I would naturally take a long look and give serious consideration to the situation if it would develop that the overwhelming consensus of party leaders were that someone else should be the candidate."

He declared, however, that "come what may, I am not running again for my House seat."

When Griffin jumped into the Senate race last Thursday, he said he would run in the primary regardless of the leaders' decision.

Griffin said he believes he can muster "well over 50 per cent of support at this point." Gov. George Romney has said at least 75 per cent of party leaders must support one man in order for him to win the designation of "party-preferred candidate."

Griffin said he "certainly has at least the 25 per cent" needed to block a consensus for anyone else. VanderJagt has said he has about 50 per cent and Augenstein claims about 35 per cent.

Griffin, of Traverse City, said he has not tried to talk VanderJagt into running for his Congressional seat, though VanderJagt is expected to run for that office if he is not the consensus candidate.

Griffin said he "would not be able to try to designate my successor." Grand Haven businessman Edward Meany and Wesley Tebeau of Muskegon have already announced for Griffin's 9th District seat.

Salant Named CBS President

NEW YORK (AP) — The Columbia Broadcasting System has named Richard S. Salant as acting president of its news division.

Salant, 51, succeeds Fred W. Friendly, 50, who resigned Wednesday in a dispute over a network decision not to provide live coverage of a Senate Foreign Relations Committee hearing on Viet Nam last Thursday.

John A. Schneider, CBS vice president in charge of broadcasting, named Salant to the post Wednesday. Salant had served as CBS news president from 1961 to 1964 when Friendly succeeded him.

Salant, an attorney, has the title of vice president and special assistant to the president with CBS, Inc.

France Orbits 3-Stage Rocket

HAMMAGUIR, Algeria (AP) — France today successfully fired a three-stage rocket and put a 41-pound scientific satellite into orbit. It was the second all-French launching of a satellite.

After two failures due to mechanical troubles last Friday and Saturday, the liquid-fueled Diamant II rocket lifted off from this base on the edge of the Sahara.

Driver Award

LANSING (AP) — Warner H. Koss of Detroit, who has driven 1,872,000 miles in 30 years without an accident or traffic violation, received the Michigan Trucking Association's Driver of the Year Award for 1965 Wednesday. Koss drives a tractor trailer rig for Chrysler Corp.

Pre - Season Lawn Mower Repair Special

Get Wards \$7.88 Special NINE POINT TREATMENT and get a new SPARK PLUG FREE!!!

Here's what Wards will do:

1. Thoroughly clean mower and engine, tighten all bolts and nuts, inspect and adjust controls and cables.
2. Empty and clean oil-bath air cleaner; clean dry-type air cleaner.
3. Drain crankcase and fill with fresh oil (4-cycle engines).
4. Clean and lubricate mower wheels and bearings.
5. In and sharpen blade on rotary types; check, adjust cutter bar (reel types)
6. Check gear box and gears, replace lubricant; check and adjust belts; check and adjust chain drives.
7. Clean and lubricate pawls and ratchets in wheels.
8. Check engine compression.
9. Replace spark plug, FREE; check and adjust points.

Nominating A Senator

Governor Romney has said that the Republican Party in Michigan will go ahead with its plan for a second round of effort at Lansing on Saturday to select a preferred candidate for the U.S. Senate, but obviously the effort has been influenced by the announcement of Congressman Robert P. Griffin (Traverse City) that he'll run, preferred or not.

This may seem a rejection of team play on Griffin's part, but actually it's a wholesome and helpful thing. The Governor's efforts to produce a consensus candidate are tested by the announcement, but it is tuned to hard political realities. Griffin is the strongest candidate showing in the Republican deck at this time and for him to dissemble and not put himself forward as strongly as possible, now that he's decided to make the plunge, would add nothing to his chances. And those chances are the concern of the Republican Party.

Party efforts to guide selection of nominees are as old as parties. They are well intentioned and sometimes effective, but our political process opens the doors to all would-be candidates, theoretically, and sometimes the self-starters win over the party's choice for nomination and then the party wears a slightly red face. That happened, pointedly, with the incumbent senator, Pat McNamara, who went on to win the nomination and the election when the Democrats were looking elsewhere for their boy.

Now Senator McNamara's state of health and his age, 71, make it uncertain whether he'll be a candidate to succeed himself and the Democrats are waiting impatiently for a decision. Former Governor G. Mennen Williams, now with the U.S. State Department as undersecretary for African affairs and unhappy in the role, and Detroit Mayor Jerome Cavanagh are both ready to announce for the Democratic nomination the second that McNamara declares he won't run again.

This gives the Democrats two strong candidates. Gus Scholle, president of the Michigan CIO-AFL, has announced that it will back Soapy Williams, and Jimmy Hoffa has announced that the Teamsters will be behind Cavanagh. The prospect is that Soapy will offer some more of the political magic that made him an unprecedented 6-times governor of Michigan; that Cavanagh, who's been a fireball mayor in Detroit, will say "Look ahead, not backward" and that the Republican nominee will try to identify Soapy as "the man who broke Michigan."

The first round of GOP effort to pick a senatorial nominee couldn't reach a 75 per cent backing for any one candidate a couple weeks ago at St. Clair. It did, however, narrow its field for this party effort down to three persons: Griffin, a 5-time congressman and stand-out prospect in experience and reputation; State Senator Guy VanderJagt, a 34-year-old attorney and former television newscaster; and Dr. Leroy Augenstein, Michigan State University biophysicist, who's a newcomer at politics.

VanderJagt thinks he'll do better in the Detroit area, where so many votes are, than Griffin, because Griffin is one of the authors of the Landrum-Griffin Labor Act. Griffin rejects this idea, saying that he won't get labor leader endorsement but that he should get strong support from rank-and-file labor because his act requires democratic election of union officials and financial accounting to the membership.

Governor Romney, a prospect for presidential consideration by the Republicans, is not a candidate; he reasons that he'll be in a better spot in national politics as a third-time governor of Michigan than as a freshman U.S. senator. Lieutenant Governor William Milliken is a political comer, but being groomed for the governorship and not to be a burnt offering in the senatorial race.

Meanwhile Republican candidates are beginning to appear. They seem to share Griffin's lack of respect for "preferred" status. Political Realist Griffin says it will take big money—at least a half million dollars—to make a strong senate race in Michigan. The GOP didn't come through with that kind of money to help Elly Peterson when she was the party's nominee against Phil Hart. Now Elly is state chairman and trying to get some realistically large backing for the party's choice—after it has a choice. It may be Hobson's choice (mandatory acceptance of the nominee) but it shapes up as an exciting political contest.

It has already recorded a footnote to state political history. Edward A. Meany, Jr., who ran for the U.S. Senate two years ago and who had been making sounds like a candidate again, has announced he'll try instead for the congress seat to be vacated by Bob Griffin. That should be easier, but not easy, because there is a fast forming field for that job, too.

The Doctor Says:

Heart Patient Taboos

By Dr. Wayne G. Brandstadt

Q — The doctor told my husband, 56, that he has coronary insufficiency and that there is no cure for it. Can you give us any helpful suggestions?

A — Although there is no cure for the damage that has already been done steps can be taken to prevent further damage. Your husband should avoid smoking and late hours, but he should get a moderate amount of exercise (preferably walking) every day. Drop a line to the American Heart Assn. (44 E. 23rd St., New York, N. Y. 10010) and ask them for pertinent literature.

Q — Could working closely with animals to which I am allergic cause serious heart damage? Has it ever been established that an excess of cheese or eggs or both in the diet would damage the heart?

A — In some persons contact with the cause of an allergy will favor hardening of the arteries and eventually a coronary heart attack. The chief allergens that cause heart disorders, however, are foods, tobacco, drugs, serums and pollen, rather than animal dandruff or feathers.

A high level will not of itself cause any symptoms but over a period of years it may lead to coronary heart disease.

The normal level is usually given as 150 to 280, but, to be on the safe side, you should try to keep it under 220.

lery to them in which case you should avoid them. Since they are high in cholesterol, taking excessive amounts over a prolonged period would favor hardening of the arteries and this, in turn, might damage the heart if it didn't damage some other vital organ first.

Q — What would cause a high cholesterol level in a middle-aged person and what symptoms would it produce? What is the normal level?

A — Cholesterol is a normal constituent of your diet and of your blood. When your diet is high in cholesterol your liver partially compensates for this by manufacturing less and when your diet is low in this substance it will be produced by your liver. Eating large amounts of foods that contain saturated fatty acids will increase your blood cholesterol level and eating foods that contain unsaturated fatty acids (margarine in place of butter for example) or taking a large amount of niacin will decrease it.

A high level will not of itself cause any symptoms but over a period of years it may lead to coronary heart disease.

The normal level is usually given as 150 to 280, but, to be on the safe side, you should try to keep it under 220.

How Long Will This Vest Be Bulletproof?

Dr. White Advises That Wives:

Save Hubby's Heart!

By PAUL DUDLEY WHITE, M.D.

BOSTON — (NEA) — The fact that I have been addressing myself to women in these articles should not imply that anything underhanded is going on. I don't expect you to slip your husband a halibut steak disguised as a sirlon. Nor do I pretend that he won't miss such items as pastries and pies if you start withholding them.

Your program of dietary reform, to be effective, must be launched in a co-operative spirit. You must both agree on what's good for the man of the family, and a little information should go a long way in convincing him.

He doesn't have to take my word alone for this, by the way. The American Heart Assn., which speaks for the country's leading cardiologists, has issued statements and other literature which are available on request from your local Heart Association.

Motivation and co-operation are even more important in a weight-reducing program. In this area, the wife needs the tact of a psychiatrist and all the self-control she can muster to induce her husband to shed pounds without nagging him into stubborn resistance.

If she can, while subtly siphoning some of the calories off his daily menus, promote an interest in physical exercise, she will greatly help her — and his — cause. Extra pounds, you might point out, double and even triple the risk or rate of developing high blood pressure, which in turn seriously threatens the health of the heart.

As chief cook and dietitian, you should keep two basic principles in mind: (1) weight can only be lost by burning up more calories than you take in as food. And (2), as we grow older, our bodies' fuel needs diminish; if we continue to eat in the same old way and fail to cut our intake accordingly, we will steadily accumulate surplus weight.

At this point, I will leave the culinary and psychological tricks to your imagination, and go back to exercise.

Lack of physical activity, which is a curse of modern technological progress, is another risk factor. Its effect is less easy to measure than the others I've mentioned, but — according to studies made in England, Israel, the United States and elsewhere — the sedentary man runs twice the risk of the active man when both live in a similar environment.

While modification of this risk factor is not entirely up to you, you can encourage a more active way of life by offering to accompany your husband and children on walks and other family outings. Let your husband walk to work.

Food Prices Up

WASHINGTON (AP) — The government had some bad news today for American housewives. The Agriculture Department said they probably will have to pay \$102.30 this year for the same amount of food that cost them \$100 last year. It predicted food prices will climb as much this year as they did in 1965 — 2.3 per cent.

But the department said prices are expected to level off and possibly decline later in the year.

band walk to and from the station in good weather; urge the same for your children when they ask to be chauffeured to Scout meetings and music lessons.

Even if that's the only exercise the family gets from one end of the week to the other, it's better for their muscles and circulation than none at all. (Your own daily housekeeping chores, like sweeping, dusting, making beds and chasing toddlers, already place you way ahead of your husband in the exercise department; help him catch up.)

Smoking cigarettes is another heart attack hazard that can be controlled. Admittedly, it is a difficult one for many.

If I could tell you how to persuade your husband to give up cigarettes and make it stick, I could write a prescription for many millions of people.

You might try suggesting that he switch to a few pipefuls or two or three small cigars a day. Population studies show that cigar and pipe smokers are running little risk of heart attack (although even then the lungs don't like it) whereas heavy cigarette smokers develop coronary disease at a rate three to

six times higher than nonsmokers. You might also consider this: If you and your husband don't smoke, your children are less likely to adopt the habit.

The pressure of high blood pressure and diabetes and of too much cholesterol in the blood, which are also major risk factors, can only be determined by a medical examination. Treatment is available to control these conditions, at least in part, and thus minimize their risk effect. So if your husband doesn't have a regular check-up habit, my closing words of advice to you are: "Get him to the doc on time!"

Top Rotarian Is Holland Speaker

HOLLAND (AP) — Dr. C.P.H. Teenstra of Hilversum, the Netherlands, president of Rotary International, will be principal speaker April 29-30 in Holland at the annual conference of Rotary District 629 which numbers 52 clubs in an area from Sault Ste. Marie to Holland. Rotary officials say it will be the first time the international president will have addressed a district conference in this area.

On Sumatra, Soviet specialists are working on a large Asahan River hydro-electric complex.

Russian engineers are making surveys for a steel mill on Kalimantan and an aluminum mill at Medan.

The first Indonesian technical institute is being built with Soviet help on Ambon.

Eight hundred Indonesians are students in Soviet higher education institutions. Eighty Indonesians are being trained on the job in Soviet industry or have recently completed training.

Moscow's aim is to take over the Communist leadership in Indonesia that Red China fumbled.

Russian diplomats in Jakarta are attempting to get Indonesia to blame its troubles on western "imperialists" and Peking intrigue.

They're painting Russia as the only "safe" haven, Moscow, they say, is too far off to endanger Jakarta. Red China's massive armies are near. British troops in Malaysia oppose Indonesia's armies. The United States has large forces close by in Viet Nam.

It's too early to tell how far the Russian will get.

There are reports of anti-Americanism and anti-Westernism in Indonesia, along with the anti-Chinese tide.

U. S. diplomats want to play it soft and easy. They hope the Russians, like the Chinese, will fall flat.

But don't count on it. It isn't certain, either, that Mao's Russians won't eventually make a comeback. Chinese merchants control a considerable chunk of local business. A strong complement of lesser Chinese agents is in hiding. The United States needs a plan.

Letters To Ann Landers

The Press Teenager Drives Into Doghouse

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

I refer to your article on Billy Kell.

The loss of Billy was felt by myself as well as others who bought horses from him or occasionally just stopped by and saw what he had, whether it be a draft or saddle horse.

Perhaps the greatest tribute to Billy Kell would be the assurance that the era of the draft horse is not over, but is making a comeback in many parts of the country. This may not be quite so true for the U.P.

Since 1954 there has been an increase of transfers and registrations by the Draft Horse Corp. of America.

Every year there are more and more fairs that are reinstating draft horse classes and pulling contests, according to draft horse magazines.

For anyone who is interested in draft horses, there are the American Belgian Horse Show, National Belgian Horse Show, International Plowing Match, A Day in Old Milwaukee, besides the many state fairs and the Draft Horse Breeder Association, which sponsors many shows and pulling events. This is just to name a few besides the large draft horse sales which are held every year.

No, the era of the draft horse is not ended. It could belong to us as much as a dog, cat or automobile if only we realize that the draft horse still has many useful purposes.

It Happened On This Date

By The Associated Press
Today is Thursday, Feb. 17, the 48th day of 1966. There are 317 days left in the year.

Today's highlight in history: On this date in 1890, the House of Representatives, after weeks of balloting, elected Thomas Jefferson president. The vote in the electoral college had been a tie: 73 for Jefferson, 73 for Aaron Burr. Jefferson was elected on the 36th ballot and Burr became vice president.

On this date: In 1916, British and French forces captured Cameroon, Africa, in World War I.

In 1933, the League of Nations condemned the Japanese occupation of Manchuria.

In 1934, King Albert I of Belgium was killed while mountain climbing.

In 1944, U.S. forces invaded Eniwetok Atoll in the Marshall Islands.

Dear Ann Landers: A friend of mine is in deep trouble and I'd like to help her out. Linda was 15 in November. She hasn't had driver's education yet but she drives better than most teen-agers.

Several months ago Linda took her mother's car keys and had a set made for herself. She has taken the car out several times but has stayed off the main streets. The police did not see her.

Last week her mother got wind of what she was doing and was wild with anger. Linda's father joined the war on his wife's side.

Linda's punishment is no dates for 90 days and her weekly allowance goes from \$5 to \$2 during this time. This means Linda will miss out on some of the most important parties of her life. Also she will be like stone broke for three months. I think the punishment is too harsh. Her parents say she must pay dearly for her sneaky behavior. Will you say something to make the punishment lighter? — FRIEND IN NEED

Dear Linda ("Friend" My Eye): Sorry, I wouldn't move a muscle to get the sentence shortened by a day or a dime. I applaud your parents for their toughness and their refusal to compromise.

When necking becomes petting, watch out! To learn how the smart girl keeps both her dignity and her boy friend, send for ANN LANDERS' booklet, "Necking and Petting — And How Far To Go," enclosing with your request 25 cents in coin and a long, self-addressed, stamped envelope.

Dear Dyna: A blood relationship does not give people the right to exercise unmitigated gall. I'll bet Bernice wouldn't dream of putting her friends on the spot this way — and she should not do it to her mother-in-law either.

Dear Ann Landers: I teach in an elementary school where the faculty ranges in ages from about 24 to 60. We all call each other by our first names, with the exception of one teacher. Although I call her Geraldine, she insists on calling me Mrs. Olson. Yesterday I asked her why she continues to call me Mrs. Olson even though I have asked her to call me Evelyn. She answered, "I feel more comfortable calling you Mrs. Olson."

Does this mean she wants to maintain a barrier? What should my reaction be? — PUZZLED

Dear Puzzled: She does not wish to get too chummy and this is her way of letting you know. Drop the Geraldine and call her Mrs. Whateverher-name-is. She will soon realize that you have no desire to foist your friendship on her and that she can relax.

When necking becomes petting, watch out! To learn how the smart girl keeps both her dignity and her boy friend, send for ANN LANDERS' booklet, "Necking and Petting — And How Far To Go," enclosing with your request 25 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Questions And Answers

Q—Is Alexander an English name?

A—No. It is from the Greek and means "defender of man."

Q—Has there ever been a president of the United States with a Ph.D. after his name?

A—Woodrow Wilson earned a doctorate in 1886 from Johns Hopkins University, where he studied history and politics.

UPCAP Names 3 Consultants In Loan Program

Hiring of three Small Business Development Center (SBDC) management consultants was announced today by Harold Dettman, UPCAP (Upper Peninsula Committee for Area Progress) chairman and Fred Hahne, Manistique, treasurer.

The three are Paul Harkonen, Rock; John H. Hawley, Ontonagon; and Anthony C. Hoynacke, Green Bay.

The hiring of the field men allows the UPCAP technical assistance program to the SBDC's to move into its action phase. Funding was provided in a \$92,423 grant received by UPCAP in late 1965.

George Rusch of Escanaba was appointed coordinator-director of the program in January.

The consultants will assist the SBDC's, which were formed in the 15 U.P. counties to process economic opportunity loans, in processing applications, and will work with small businesses in designing ways of meeting problems of marketing, production, finance, transportation, personnel, purchasing, and other phases of operations.

To Ride Circuit

The three men will work under the policy direction of the local SBDC's while in the field, and will ride a circuit, serving each of the SBDC's on scheduled days of the month. They will examine applications and assess the potential feasibility of suggested expansion or creation of businesses and the adequacy of management and all segments of production planned, and present the facts and recommendations to the SBDC committees. The consultants will provide management advice and assistance in all phases in business and industry, and follow up work on approved loans to implement the concept of technical assistance to the SBDC's.

Rusch emphasized that the technical assistance will not be limited to SBDC loan recipients but will be available to all small businesses and industrial concerns as well. "To date over 40 loans have been approved in the Upper Peninsula, which total over \$425,000," he said. "The full impact of the concept of management assistance to the SBDC's can now be realized with the hiring of these three management consultants."

After a 10-day training program, presently being conducted by Rusch in the Escanaba office, the three consultants will go into the field, each to cover one-third of the total Upper Peninsula need.

Harkonen Of Rock

Harkonen, who will cover the central U.P., is purchasing the family farm in Rock; Hoynacke will locate in Sault Ste. Marie to concentrate on the eastern U.P.; and Hawley will operate in the western part of the peninsula from his home in Ontonagon.

The men were chosen because of their specialized backgrounds in the key phases of business development, production, marketing, and retail sales.

'Messiah' Choir Needs Bases

Conrad Beck, director of the combined community and high school choir will sing "The Messiah" on Palm Sunday in April, said more male voices, especially bases, are needed to fill out the choir.

Thirty-one persons from the community joined the choir for first rehearsal this week and 16 more indicated their intention to participate, boosting total number of singers to near 300.

Rehearsals will be held every Monday from 7 to 9 p. m. in room F-106 of the Area High School and are still open to anyone wishing to participate, Beck said.

SA Men's Club Elects Officers

The Salvation Army Men's Club held their regular monthly meeting Feb. 5. The following men were elected to office for the year, James Hagg, Kippling, president; Earl Polmatier, Escanaba, vice president; Dan Evans of Gladstone, secretary; and James K. Olson, Gladstone, treasurer.

The next meeting will be held Saturday, March 12 at the Salvation Army Hall.

Obituary

WILLIAM STEINHAESEN
Friends of the late William Steinhansen of Escanaba, who died Wednesday, will call at the Alto Funeral Home from 3 to 9:30 p. m. Friday. Funeral services will be held in the funeral home chapel at 2 p. m. Saturday. Representatives of military organizations will gather at 1:30 p. m. Saturday for the funeral services. Burial will be in Lakeview Cemetery.

1966 Homecoming Activities Held In Rapid River

Lois Greenlund and Dick Forslund were crowned queen and king of Rapid River High School's 1966 homecoming, Saturday evening. Lois is a daughter of Mr. and Mrs. John Greenlund of Rapid River and Dick's parents are Mr. and Mrs. Harold Forslund of Ensign. Lois' sister, Linda, was the school's 1965 homecoming queen.

Pat Larrabee, student council president, presented the royal pair with their crowns and robes. One dozen red roses were given to queen Lois. All court members received carnation wrist corsages and boutonnieres. Members were seniors, Kathy Martens, Cindy Safford, Bob Anderson, Roland Jacobson; juniors, Diana Anderson, Douglas Schroeder; sophomores, Jane Johnson, Mark Hansen; pages were Bill Slough and Jon Miller, both boys are first graders at Rapid River's Bay de Noc Elementary School.

The grand march was led by queen Lois and king Dick with music played by "The Trolls" of Kingsford. "The Trolls," the evening's dance band, derive their name from the miniature toy troll dolls. Three hundred young people enjoyed the homecoming dance and its Italian atmosphere created by colorful decorative scenes.

Individual serving tables were decorated with red coverings and wine bottles holding candles. A street scene was complete with a large frieze of buildings, bridge, and gondola.

A wishing well covered with white and aqua imitation flowers centered the gymnasium floor. Large pompon flowers with twining ivy decorated the band's corner. Punch and homemade cookies were served from attractive tables decorated by the lunch committee with Mrs. Ray Phillips, advisor.

The decorating committee met every night after school for three weeks previous to the homecoming event, making thousands of different colored tissue paper flowers. The committee's co-chairmen, Margaret Soderberg and Cindy Safford, wish to thank all the student who helped with the party's decorations, and the industrial arts department and teacher, William McGovern for the various scene construction.

Beverly Kaukola was announced winner of the homecoming poster contest.

STRONG STARTERS, BUT—

NEW YORK (UPI)—No American League rookie-of-the-year has ever been named the circuit's most valuable player later in his career.

FAMILIAR FACE—The mop of golden curls may be gone, but the dimpled smile is not, and it's enough to identify Shirley Temple for millions of moviegoers. The child star of the Thirties, known these days as Mrs. Charles Black, is now 38.

Helen Melling Dies Monday In Chicago

Mrs. Helen Melling, 1721 W. Farwell, Chicago, died at St. Francis Hospital in Chicago, Monday, Feb. 14 at 4 p. m. She had been a patient at the hospital for five and a half days.

She was born in Rock, June 24, 1908 and had resided in Chicago for the past 35 years.

She is survived by one son, Ernest of Chicago; three sisters, Mrs. George Swanson, Rock, Mrs. Hilme Fredrickson of Detroit, Mrs. Alma Lindell of Racine, Wis., and one brother, Walter Smedberg of Rock.

Friends may call at the Anderson Funeral Home from 4 to 9 this evening. The body will be removed at noon Friday to the Faith Lutheran Church in Rock where services will be conducted at 1 p. m. Friday by the Rev. S. John Bohn. Burial will be in the family lot in the Rock Cemetery.

Homemakers Club Holds Meeting

The Homemakers Club of Engadine met at the Community Building on Tuesday, Feb. 15, at 8 o'clock. Hostesses for the evening were Mrs. Henry Markwart and Mrs. Joseph Rapp. Mrs. Ralph Kidder gave a lesson entitled, "What is New in Family Fabrics," and Mrs. Lloyd Boucha gave the second lesson, "The Roll of Women in a Changing World."

The next meeting will be Tuesday, March 15.

Area High School Music Students Festival Bound

The Escanaba Area High School music department will send its best talent into Solo and Ensemble competition Saturday in the annual Upper Peninsula festival at Northern Michigan University, Marquette.

Participants will perform for adjudicators and receive ratings in various musical divisions. Outstanding performers will be chosen to participate in the evening honors program and at other festivals.

Soloists from the Area High School scheduled to perform are: D. Ann Beck, Arleen Chern, Sally Barrett, Kathy Gilstrap, Sue Fletcher, Pat Kelley, Jeanine Schmeling and William VanEffen, piano; Sue Garrard, violin; Tom Anderson, Chris Hien, Miss Garrard, Sheila Piche, vocal; Bryan Bender, Judy Bender, Miss Barrett, Mickey Marcouiller, Margaret Donalds, Miss Gilstrap and Don Nyquist, instrumental.

The high school will also be represented by two madrigal groups, a vocal duet, brass sextet, trumpet trio, string quartet, woodwind quintet, clarinet choir, saxophone quartet and two flute trios.

Former Resident Killed In Auto Accident

RAPID RIVER — A former Rapid River resident, Mrs. Walter (Marie Redman) Busch of Detroit was killed in an automobile accident near Detroit Jan. 27. Mrs. Redman was 68 years old. Her husband, Walter, was injured in the accident but has recovered from his injuries.

Mrs. Redman was a sister-in-law to Mrs. Louis Coppick of Rapid River. Survivors of the deceased are: her husband, Walter; daughter, Mrs. Duke Turner, St. Clair Shores; and sons, Doyle Young, Detroit, Leroy Young, Chicago; ten grandchildren and two great grandchildren. Funeral services were held in Detroit.

Cutter Helps Lake Fish Tugs

SOUTH HAVEN (AP)—Battered by waves, the Coast Guard cutter Woodbine made its way today to South Haven to help two fishing tugs through Lake Michigan ice into port.

Spokesmen at the Coast Guard station reported temperatures at 14 degrees by daylight and said waves reached 20-foot heights in open water.

Woodbine crewmen said a buoy port, an item of more than one ton weight, was washed overboard on the rough trip to the trouble area from the cutter's home port at Grand Haven. Coast Guardsmen identified the fishing tugs as the Butch LaFond, with Glen Richter and Ben Struebel aboard, and the Bear, with Amos Anthony and his sons, Robert and George, as crewmen.

The 185-foot Woodbine, constructed as a buoy tender but serving in winter as an ice breaker, left Grand Haven late Wednesday to answer the call for help. The fishing tugs became trapped in ice while on a netting run.

(BARE) FOOT SOLDIER—This South Korean soldier travels extra light. Returning from a sweep through Viet Cong territory near Suoi Cat, South Viet Nam, he's minus boots and helmet.

Area Scouts Observe Boy Scout Week

Rapid River Boy Scouts Troop 488 and Cub Scouts pack 480 were recognized in Rapid River Churches Sunday, Feb. 13, Boy Scout Sunday. Scouts were dressed in uniforms for the special services in the honor.

Cub Scouts of Den 3 made window display for Rapid River elementary school's case which announced pack 480's Blue and Gold Banquet to be held in the multi-purpose room of the Bay de Noc Elementary School, Monday 21. An invitation is extended to all Rapid River Cub Scouts and to all boys interested in joining pack 480 or tr 488.

Members of den 3 are: Pe Jeff, Greg Norlander, Don Crose and Stanley Constant. Banquet plans are being made by den mothers, Mrs. Bart Norlander, Mrs. Mary LaCro Mrs. George S. Anderson, Ernest Vanderhoff and cubmaster E. Stanley Pyke.

Total number of call notes of the ostrich is said to exceed that of most songbirds.

Americans Have Plump Billfolds

WASHINGTON (AP)—Americans have more cold cash jingling in their pockets and stuffed in their billfolds than they did five years ago.

The business boom is only part of the answer for the proportionate increase.

The Federal Reserve Bank at Richmond, Va., part of the agency which distributes coins and paper money, has come up with some explanations. More teen-age spending, to name one, but most factors lack accurate measurement.

John K. Carlock, fiscal assistant secretary of the Treasury, said only theories can be advanced to explain the phenomenon and one theory is probably as good as another.

Hard cash makes up only about 20 per cent of the total money supply. The rest consists of time deposits, mainly checking accounts.

Here are some of the cold facts:

\$213.79 Each
On June 30, 1960, the total currency in circulation was valued at \$32.06 billion compared with \$41.82 billion last Nov. 30, the most recent date for which Treasury figures are available. This represented a per capita jump from \$177.47 to \$213.79.

Treasury officials said the increase has nothing to do with any trend toward inflation, which is a much broader problem of production, supply and demand, over-all fiscal policy and a variety of other factors.

Two definite developments in the new pattern, the bank re-

ported, are the increased demand for coins and an upturn in the business cycle.

The remaining possible causes, the bank added, are less measurable. It listed them as:

1. The demand for pocket money by the increasing number of teen-agers who hold jobs or receive allowances. The number of teen-agers between 15 and 19 increased by 3.5 million between 1960 and 1965—some 26 per cent above the increase for the previous five years.

Tax Bite Dodge
2. Increased travel, both domestic and foreign, which prompts Americans to carry more ready cash than normal. The Chicago Federal Reserve Bank reported that although travelers' checks are widely used by travelers, most still find it convenient to carry more currency than they normally would at home.

3. Possible hoarding of American currency abroad to offset sometimes shaky currencies in emerging countries.

4. Internal Revenue Service policies, including a crackdown on federal gambling tax collections and use of computers to check income tax returns.

"Persons who were evading the gambling and income taxes may have been sufficiently impressed by these two policies to switch to a currency basis for conducting their business rather than depositing their funds in banks," the bank said.

5. Strong and steady increases, especially since 1961, in personal income, savings and public holdings of liquid assets. The rising use of credit cards and higher interest rates are factors in the opposite direction, the bank said, but pressures toward bigger holdings of hard cash were much stronger.

One Treasury spokesman summed up the whole situation in one word — affluence.

School Money

LANSING (AP)—Gov. George Romney Wednesday signed supplemental capital outlay appropriations for the 1965-66 fiscal year.

The measure, second of the current legislative session signed by the governor, provides for supplemental building funds of \$4.42 million.

In addition, \$593,000 is reappropriated for remodeling Ford Hall at Eastern Michigan University and the authorized total cost of the new dental building at the University of Michigan is increased from \$16.9 million to \$17,294,845.

FIGHTER FOXHOLES—Chances of widespread damage from Viet Cong shelling of Da Nang air base are greatly reduced by steel-walled "foxholes" for U.S. fighters operating out of the key base. Pre-fabricated steel retaining walls, similar to those widely used for protection against earth slides, surround each plane on three sides.

State Tools Up For Medicare

LANSING (AP)—Two bills to help the state tool up for Medicare benefits have been introduced in the House.

The bills, drafted by Gov. George Romney's office and sponsored by Rep. William Fitzgerald, D-Detroit, increase the state's share of the cost of caring for children of indigent parents under the Affiliated and Crippled Children's Acts.

Instead of a \$25-a-day or 90 per cent of cost maximum, the bills would require the state to pay hospitals "reasonable costs," and physicians "reasonable charges" according to standards of the Department of Health, Education and Welfare.

This is to comply with federal standards under Medicare, Fitzgerald said. Failure to comply could jeopardize federal financial participation, he said.

Another health bill introduced Monday would increase state grants to county and district health departments from a maximum of \$5,000 a year to a minimum of \$10,000.

23rd Time

TUCSON, Ariz. (AP)—Deputy Sheriff Albert Pina says, "I like children."

And he must.

Pina, 48, became a father for the 23rd time Tuesday.

His present wife, Rita, now has 10 girls and 6 boys.

Harvard Prof Named Head Of Advanced Studies

PRINCETON, N.J. (AP)—Carl Kaysen, a Harvard University economist and special consultant to President Johnson, has been named the new director of the Institute for Advanced Study.

Kaysen, 45, was named Sunday to succeed Dr. J. Robert Oppenheimer, who is resigning from the post at Princeton, effective July 1.

The institute, founded in 1930, is composed of a permanent faculty of 23 men who pursue advanced learning in the pure sciences.

Oppenheimer, 61-year-old sci-

Ranger's Mate Named Skipper

HOUGHTON (AP)—Woodward Bugge, first mate of the Isle Royale National Park passenger vessel Ranger III, has been named captain to succeed Russell Greenleaf who resigned after more than 30 years service. Leonard Yeo of Calumet will replace Bugge as first mate. The Ranger III carries passengers between Houghton and Isle Royale in Lake Superior.

entist who directed the atomic bomb project in Los Alamos, N.M., during World War II, will remain in his post as senior professor of theoretical physics.

Prices Double; New Corn Mold Slows Hog Growth

LANSING (AP)—Just as Central Michigan farmers are trying to fatten up their hogs to take advantage of doubled prices, an unknown corn mold is turning the pigs away from the feeding trough.

Prices to the consumer could go higher yet if the development cuts seriously into the pork supply.

"We've found that our hogs are gaining only a pound a day while as a rule they've gained two pounds a day," said Russell Row of Mason, a recent

recipient of the Jaycees' Outstanding Young Farmer award. "Our mortality rate is up, too. Out of 115 weaned, we lost four. In other years, one or two would have been too many," he added.

Hog prices have ranged from \$25 to \$30 a hundredweight in the last few months, compared with \$14 to \$15 in November, 1964.

Corn represents about 80 per cent of the basic hog ration. Farmers report only partial success in making the other

flavor ingredients.

Rowe said another problem is that the moldy corn weighs only 45 to 50 pounds a bushel, compared to the usual 56 pounds.

Jacob A. Hoefer, head of swine research in Michigan State University's animal husbandry department, said the mold has affected the corn crop in Southern Michigan, Northern Ohio and Indiana.

Experiment stations at MSU and other Midwestern universities still are trying to identify the mold.

Plan Fish Use As Detectors Of Pollution

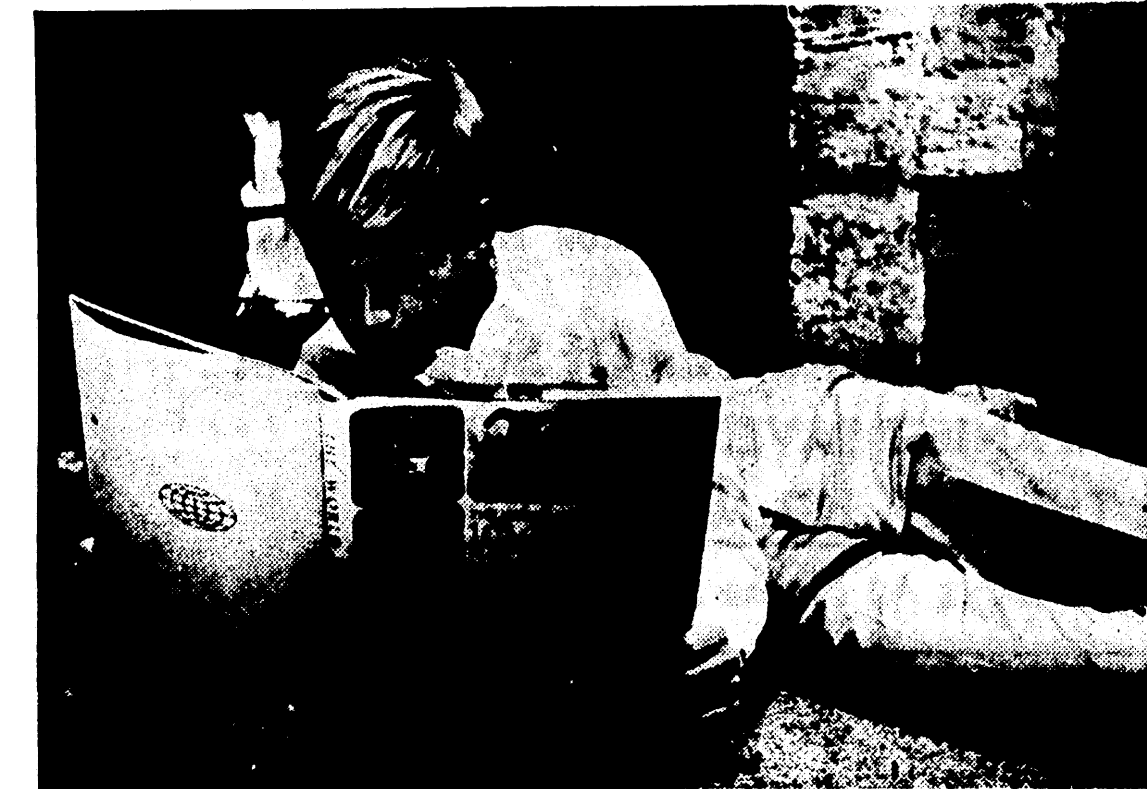

EAST LANSING (AP)—Michigan State University scientists are testing a plan that would use fish as highly sensitive water pollution detectors.

"If we can prove that even low levels of pollution are detrimental to fish, we can start procedures to clean up the water before it's too late," said Gerald R. Bouck of MSU's Fisheries and Wildlife Department.

His test measures modifications of proteins in the blood or muscle of fish under "stress conditions"—pollution or pesticides in the water.

Dr. Robert C. Ball, who heads MSU's study of water pollution, said the new test might help slow down the "subtle degradation" occurring in Michigan streams and lakes.

What Happened the Year When HE Was Born?

Ever wonder just what happened in the year when you were born?

Nearly everyone does, at one time or another. And, depend upon it, the 1965 babies that you know—whether your own or those of friends or relatives—will one day ponder the same question.

For them, what more thoughtful gesture than to order now a copy of **THE WORLD IN 1965**. This handsome, 288-page volume captures forever in exciting news pictures and memorable prose the drama and drive of a great year in modern history.

The 1964 issue of this important series also is still available. Both were prepared for this and other newspaper members by The Associated Press, the world's foremost news service.

FROM BOUDOIR TO BADLANDS — Marie Gomez, the beautiful New York model turned actress, is a study in contrasts. At left, she is seen in a typical publicity pose. At right, she's a hard-as-nails, cigar-smoking, gun-totin' character in a new adventure film, "The Professionals."

No Colorline In Battlefront

CU CHI, South Viet Nam (AP) — Viet Cong bullets recognize no race, and U.S. soldiers under fire tend to ignore the color line altogether.

In a brutal firefight 25 miles west of Saigon near the 25th Division's 2nd Brigade headquarters this week Spec. 4 George Newman, a Baltimore Negro, rested his wounded hip in a trench, leaning his back against a white comrade.

Fifty yards to the front of the trench lay three wounded or dead Americans, no one knew which. All were white.

Newman's platoon from A Company of the 2nd Battalion, 27th Infantry Regiment, was assigned to get the men back from the no-man's land repeatedly lashed by sniper fire.

An artillery barrage was laid down 100 yards ahead of the fallen Americans. Men of the platoon leaped out of the trench and raced across the open ground.

Despite his wound, Newman was among the half-dozen racing men. Because of his injury, Newman was a little slower. Perhaps that's why he was hit by a bullet which ripped open his side.

Two men quickly crawled to Newman, grabbed him under the arms and hauled the stricken man back. One was Negro, one was white.

Back in the trench, a white buddy whipped out bandages and began binding up Newman's wound.

Exposing himself to fire to aid Newman, he called out: "Give me a stretcher, get me a god-dam stretcher."

The white soldier stayed with Newman until he could be taken to the rear.

A Marine battalion commander once said: "There's still a racial problem in the corps, but it gets less and less the further forward you go. I've very seldom seen it in front-line companies."

U.S. military units have been integrated for years. Off duty there usually seems to be little mixing between the races. But when men from line companies get a bit of time off for a night in Saigon or Da Nang, they often integrate their drinking.

After the fighting at Cu Chi died down, one sergeant said: "There just isn't much room for racial problems out here. Everyone's got to depend on his buddies for survival."

The cell is the smallest unit of living matter definitely known to man.

Minister Seeks To Free Son In Castro's Prison

WAYNESBORO, Ga. (AP) — Thrust into an unfamiliar world of embassies, diplomats and red tape, a soft-spoken Georgia minister is working diligently to obtain his son's release from a Cuban prison.

The Rev. Clifton E. Fite, 62, pastor of Rosemont Heights Baptist Church, has traveled thousands of miles during the past six months, written volumes of letters and spent hundreds of dollars on telephone calls to free his 32-year-old missionary son, David.

Young Fite, after five years as a Baptist missionary in Cuba, was jailed in April 1965, on charges of conspiring against the Cuban government. His wife and three small sons are in Cuba.

The elder Fite feels no bitterness towards anyone connected with the arrest. "My only interest is in the release of my son and his safe return to this country," he says.

He is attempting to arrange a face-to-face meeting with Prime Minister Fidel Castro.

Efforts to free his son put him in contact with Georgia Sens. Herman Talmadge and Richard B. Russell and several officials of the State Department. His application for a visa has been sent to Castro through the Czechoslovakian Embassy. So far he has heard nothing.

The State Department and the Home Mission Board of the Southern Baptist Convention worked without success for six months to obtain David's release.

The patient hope of Fite and his wife, a teacher in the Waynesboro High School, has been a source of admiration to their acquaintances.

Confidence has marked all their efforts. Fite has not missed a Sunday sermon at his church. Mrs. Fite goes to the classroom every day.

Most of the expense of the Fite crusade has been met by contributions of friends and church groups. Fite's financial resources are limited.

Good Truck Year

NEW YORK (AP) — The 1966 outlook for heavy duty trucks is promising. Standard & Poor's Corp. says. It added that an anticipated moderate year-to-year gain would be aided by prospective record economic activity, continuing liberalization of state weight and length restrictions, and favorable trends in intercity freight, scrapage rates, piggyback and highway construction.

County Home Rule Gains

By AL SANDNER
Associated Press Writer
LANSING (AP)—Gov. George Romney announced "a real breakthrough toward agreement on county home rule" Wednesday.

But a House committee chairman countered by saying his committee has rejected some features of the agreement.

Romney told his news conference that a subcommittee of his advisory committee on local government had ironed out differences between the various groups involved in the home rule question.

Rep. Francis Beedon, D-Muskegon, chairman of the House Towns and Counties Committee, said his committee rejected some of the recommendations Tuesday.

The committee has before it a bill to grant counties more autonomy.

The rejections amounted to a repudiation of the major features of the compromise.

Some Sort Of Bill

"We will get some sort of bill out of committee," Beedon said, "but it's already watered down. What we will probably end up with is a bill that formally provides for county home rule without modifying the present setup too much."

"That will be a foot in the door—a first step toward home rule," he said.

The recommendations were developed by Alma Mayor Robert Anthony, Robert Fryer of the Michigan Municipal League, Joseph Parisi and John West of the Michigan Townships Association, and William Dennison and Al VanderLaan of the Michigan Association of Supervisors.

"These recommendations," Romney said, "represent a real breakthrough in the differences which had separated the various state organizations representing local government in Michigan."

21 Amendments

The subcommittee, which met with legislators Monday, agreed to 21 amendments to the bill now in the House Towns and Counties Committee. The major amendments, Romney said, included:

—Types of elections. The bill provides for partisan election of charter commissions and legislative bodies. The subcommittee recommended that they be elected on a partisan basis, but that the election of local legislative bodies be left to the commissions and subsequently to the voters.

Election of county officers. The bill calls for continuing election of four county officers, and local option on election or appointment of others. The subcommittee recommended that only the election of the county prosecutor and sheriff be made mandatory in state law, the others to be left up to the charter commissions and voters.

County Boards

—Powers of county legislative body. The subcommittee recommended a provision that would allow the new charter county to exercise certain powers within the jurisdiction of local governments without a vote of a majority of the people in the county.

—Taxing power. The subcommittee recommended that it be limited to taxes specifically provided for by the Legislature. The bill calls for the power to impose any levies neither pre-

GM Plans New Test Facilities

DETROIT (AP)—General Motors Corp., caught in a controversy over how safe U.S.-built autos really are, has announced plans to build additional car-testing facilities at nearby Milford.

Cost of the building program, described as a two-year effort designed to expand GM's safety efforts, was not disclosed.

Planned facilities included a safety test engineering building, a tire-testing laboratory and an added paved test area on which maneuvering, handling and emergency situation tests can be performed, the company said.

James M. Roche, president of the auto industry giant, said the 88,000-square-foot building would become the coordinating center for all GM vehicle, driver and highway safety efforts.

Pressure has mounted on the auto industry this year from critics, including some in Congress and the federal executive branch, who contend American-made autos should feature added safety equipment.

BARE BODICE—This white wool cocktail dress patterned with pink circles, stood out in spring-summer fashion showings at Florence, Italy. The bodice is pared down to no more than two wide straps.

Shingleton Deer Yard Is Visited By Tour

Forty-five 4-H boys and girls and Boy Scouts and eight leaders participated in last Saturday's deer yard tour, sponsored by the Alger Soil Conservation District. The deer yard visited was 4 miles east of Shingleton and a couple of miles north of Highway M 28 on state land.

Tour guides were Lou Verme, Michigan Conservation Department Game Biologist, and John Campana, Alger County Extension Natural Resource Agent. Henry Schierschmidt, Tour Chairman; Olva Valimaki, District Secretary, and Bob Law, District Work Unit Conservationist, also participated.

A busload of Grand Marais youngsters were on the tour accompanied by Peter Olli, 4-H Club leader.

Lou Verme, game biologist, explained the type of browse needed by deer and types generally available in the area. He stated that crews from the Cusino Prison Camp are doing a good job dropping cedar and other species so that more good browse would be available.

The deer seen were in excellent condition. The hard, crusty snow made it possible for deer to move.

WHERE'S THE FOOD?—It's dinner time at the Miami, Fla., Seaquarium and "Pete" the pelican opens up wide, maybe to prove that his beak really can hold more than his belly can.

State Parks:

They're Worth \$37.7 Millions

LANSING — State parks, gas stations, and other places meant an estimated \$37.7 million worth of business to Michigan in 1965.

This is how much the Conservation Department figures state park visitors and campers pumped into the economy last year. It does not include the more than \$800,000 in fees which they paid out for vehicle entrance permits.

Last year's estimate shows that 13.8 million day users at state parks spent \$28.2 million for food, beverages, gasoline, and a host of miscellaneous items.

Tent dwellers and trailerites, who registered 3.3 million days of camper use at state parks, parted with another \$9.4 million in Michigan grocery stores, gas stations, and other places of business.

Of this last total, more than one-quarter came from out-of-state campers.

As in recent years, users of state parks and recreation areas in southern Michigan accounted for most of the spending. About \$23.2 million in sales were rung up by these recreationists who made 8.4 million day-time visits and recorded 1.3 million camper-days at southern parks.

In the northern Lower Peninsula, day visitors and campers added \$10.1 million to the local economy. Their totals included 3.6 million day users and 1.5 million camper-days.

Upper Peninsula state parks attracted \$4.4 million worth of

Fine And Costs

BYRON CENTER (AP) — James McIntyre, a Caledonia Junior High School teacher and bus driver, said he disciplined an 8th grade boy last Friday for improper language on the school bus. The boy told his mother. She allegedly answered with a fist to the side of McIntyre's head. Both told their stories Tuesday in justice court. Mrs. Geraldine Maile was fined \$20 plus costs for assault.

recreational trade from 1.6 million daily visitors and campers who chalked up 470,000 days of use.

Holland state park ranked No. 1 in popularity among Michigan's 65 state parks and recreation areas. It hosted 980,000 day users and logged 136,000 camper-days which led to about \$3 million in spending.

Busiest park for day use in the Upper Peninsula was Tahquamenon Falls.

Family Council Series Planned

LANSING (AP)—Ten regional conferences on strengthening the family will be held across the state soon, Gov. George Romney said Wednesday.

Some 4,000 persons are expected to attend the conferences from Feb. 22 to March 14, Romney said. More than 14,000 were invited to attend.

The conferences are "designed to bring together lay persons and professionals in the field of social or family services." They are an outgrowth of Romney's statewide conference Dec. 7.

Basic Unit

"Family problems are the cause of many of our other public problems," Romney said. "The family is the basic unit in society, and when one family in three is broken up, many other troubles follow. There is an obvious need to reverse the trend."

The conferences will be conducted by the Division on the Family of the State Human Resources Council.

One At Marquette

The conference schedule: Flint, Holmes Junior High School, Feb. 22.

Midland, Northeast Intermediate School, Feb. 23.

Traverse City, Traverse City High School, Feb. 24.

Alpena, Alpena High School, Feb. 25.

Marquette, Northern Michigan University, Feb. 26.

Grand Rapids, Northeast Junior High School, Feb. 28.

Portage, Portage Northern High School, March 1.

Lansing, Waverly High School, March 2.

Adrian, Adrian High School, March 3.

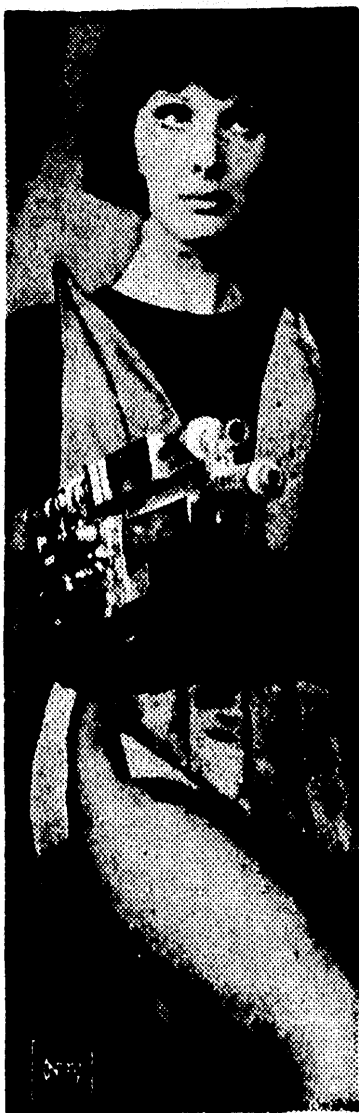

Detroit, Temple Beth El, March 14.

Bark River

FNA Meeting

Mrs. Catherine Oosting, representative from Mercy Central School of Nursing, Grand Rapids, will be at the Bark River-Harris High School Friday, April 22 to speak to the Future Nurses Club. The club donated 25 boxes of candy to the patients of Pinecrest Medicare Facilities for Valentine's Day. While there, Mrs. Donald Van Enkevort, superintendent of nurses conducted the FNA girls on a tour of the facilities.

Officers of the FNA are: president, Theresa Harris; vice-president, Judy Palarski; secretary, Cynthia Holochowst; treasurer, Katherine Hooker. Club adviser is Mrs. Scott Eagleson of the high school staff. The FNA meets every two weeks.

Car Sales Off From '65 Pace

DETROIT (AP)—U. S. new car sales in early February were down from last year's pace, but still wound up as the second strongest Feb. 1-10 in automotive history.

The four U. S. automaking firms listed sales of 215,124 units in the opening 10 days of this month, compared with the record high for the period, the 235,273 sales during Feb. 1-10, 1965.

Industry spokesmen pointed out that much of the decline reflected the fact that General Motors dealers did a booming business in early 1965 as they made up for sales lost because of the GM strike in the fall of 1964.

Ford and Chrysler Corp. set new company sales records in the opening 10 days of this month, while GM and American Motors were off.

GM dealers, who sold 133,741 new cars in the Feb. 1-10 period a year ago, had to settle for 110,826 sales in the comparable 10 days this month.

All five GM divisions were down over their early February sales rate of last year, with Chevrolet taking the biggest loss. It sold 55,323 cars in the period just ended, compared with 70,045 a year ago when swamped by the post-strike demand.

Ford division, which constantly vies with Chevrolet for the sales lead, accounted for 53,527 sales in the early February period this time—less than 2,000 units behind Chevrolet. It represented the slimmest lead Chevrolet has had in some time.

FUTURE FASHIONS—Italian actress Eleonora Ruffo's costume has a high enough hemline to qualify for current spring fashion showings, but actually she's wearing what fanciful filmmakers guess might be the latest thing around 2000 A.D.—complete with lethal weapon. She appears in a science fiction film, "Operation Hydra," now in the making in Rome.

State Singers In Opera Auditions

CLEVELAND, Ohio (AP)—Michigan singers placed first and third in the 13th annual Metropolitan Opera National Council auditions.

First place went to Robert E. Taylor, a 32-year-old baritone from Ann Arbor.

Soprano Shari Anderson, 24, of East Lansing was third.

New Sunscreen Lotion Tested

CHICAGO (AP)—Physicians at the University of Minnesota say they have tested a sunscreen lotion that cannot be removed by washing, sweating or swimming—and they say it works.

Skin treated with the lotion resisted sunburn three times longer than untreated skin areas, they reported in the current Archives of Dermatology, a publication of the American Medical Association.

Valentine For O'Toole Evens Up The Family

MEMPHIS, Tenn. (AP)—The James O'Toole family evened things up Valentine's Day.

Mrs. O'Toole gave birth to boy triplets. The O'Tooles are parents of three other children, all girls.

MSU Drops Rule On Union Printing

EAST LANSING (AP)—Michigan State University Trustees today announced an end to their briefly enforced policy of awarding printing contracts to be awarded "only to printing concerns that are qualified to put the union label on the printed material."

COMING AND GOING, BOTH—People in Mankato, Minn., don't even turn their heads any more when they see this car backing up the streets of their city. (It is always back-

ing, in part, at least.) It belongs to August Wenzlaff, an auto dealer, who had two 1955 Mercurys sawed in half and the two front ends welded together.

Peninsula Potpourri

ISHPEMING—Twenty-eight nurses aids will be trained at Francis A. Bell Memorial Hospital here under a new "Manpower for Health" program developed by the U.S. Department of Labor in conjunction with the Hospital Research and Educational Trust of the American Hospital Association. Primary objectives of the program are to provide job opportunities for unemployed or unskilled workers and at the same time help health care facilities provide on-the-job training for needed personnel.

SAULT STE. MARIE—A special tri-county election on

recently approved school district reorganization plans which would consolidate 28 districts in Chippewa, Luce and Mackinac counties to 10 will be considered in a special election April 25. If approved, the plan would create kindergarten through 12th grade districts for all 13,000 school students in the three counties.

MENOMINEE—Additions to the Riverside Country Club dining room, locker room and bar estimated to cost \$120,000 were approved by the Club's Board of Directors. The club will also install air conditioning equipment.

MARQUETTE—Howard G. McKie, former Escanaba resident, has been elected president of the Marquette Golf and Country Club, succeeding E. J. (Pat) LaFreniere. McKie, an

architect, is expected to take an active role in development of an additional nine holes at the golf club.

IRONWOOD—A total of 629,354 tons of iron ore were mined during 1965 in Gogebie County, according to the annual report by Oliver W. Olkonen, county mine inspector. Of the total, 600,168 tons were produced by the Peterson Mine, which recently closed mining operations for good.

MENOMINEE—Sixteen Menominee men spent a recent evening kissing a lovely, blonde female and their wives didn't mind a bit. The men were taking part in training sessions for

the Menominee Auxiliary Police force and the "lovely, blonde female" being kissed was Resuscit-Ann, a \$200 doll used to practice mouth-to-mouth artificial respiration.

Week
LANSING (AP)—Gov. George Romney has proclaimed March 27-April 2 as Future Homemakers of America week in Michigan and April as Mobile month.

Master Of Lost Cedarville Has Year Suspension

CLEVELAND, Ohio (AP)—The master of the freighter Cedarville, which sank with a loss of 10 lives following a collision in the Straits of Mackinac last May, has been sentenced to a one-year suspension of his license, the U.S. Coast Guard announced.

Capt. Martin E. Joppich, 55, of Rogers City, Mich., had pleaded guilty to charges of excessive speed in fog.

Coast Guard Examiner Charles J. Carroll Jr. said that in view of Capt. Joppich's long and previously unblemished record, no revocation of his license would be issued.

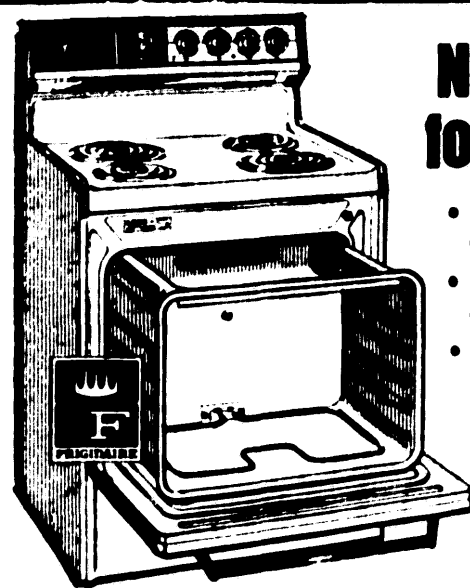

Carroll ruled that the one-year license suspension started last Aug. 24, when Capt. Joppich pleaded guilty and surrendered his license.

Cedarville sank May 7 following a collision with the Norwegian freighter Topdalsjord.

Dorm

SAULT STE. MARIE—The name, "Hillside Hall," has been given to the first on-campus housing at MTU-Soo for women. Work is nearing completion on the conversion of a former two family faculty residence into a dormitory for the students enrolled in the licensed practical nurse training program to begin at Sault Branch on Feb. 28.

Women's Activities

Pamela L. Artley Bride Of Bryan Roger Blixt

Pamela Lynn Artley, 616 S. 14th St. Escanaba, became the bride of Bryan Roger Blixt, 1714 5th Ave. S., in a double ring ceremony performed at the Central Methodist Church in Escanaba. The Rev. Robert Selberg officiated at the nuptials Saturday, Feb. 12 at 3:30 p.m.

Traditional organ music for the wedding was played by Mrs. Harriet Carlson and soloist, Dave Alsop of Minneapolis, brother-in-law of the bridegroom sang, "O Promise Me" and "Because."

The bride is the daughter of Mr. and Mrs. William Artley, 1718 Crain St., Evanston, Ill. Parents of Mr. Blixt are Mr. and Mrs. Edward Blixt of Escanaba.

Attending the bride were, Mrs. Karen Hall, Escanaba matron of honor and Mrs. Marlene Lamberg, Evanston, bridesmaid. Tina Harkins, niece of the bridegroom of Escanaba was flower girl.

Deep Pink
The attendants were attired in street length dresses of deep pink with long sleeves, empire waists and bodices of dainty lace. The skirts of nylon sheer featured streamer back bows. They wore pink velvet headpieces with short veils. Their bouquets were rose cluster arrangements centered with pink carnations and white pompons.

Satinette Crepe
The bride chose for her wedding, a floor length gown of white satinette crepe featuring an empire waistline, long tapered sleeves and a scoop neckline. Her elbow length veil was caught by a double crown sprinkled with pearls and crystals. She carried a bride's bouquet of white carnations, pink sweetheart roses and cascading ivy.

Ring Twist?

Knuckle Problem?

Now any ring can slip over knuckles, fit snug with FINGER FIT. Finger fit is part of your ring. It opens 3 sizes larger to go over your knuckle easily, then locks to hold your ring securely in place—Stop in, let us show you how comfortable your ring can really fit.

HAKALA'S JEWELRY & WATCH REPAIR
104 N. 10th St.
Phone ST 6-2614, Escanaba

Flower girl, Tina Harkins, wore a dress of bonded lace with empire styling detailed with velvet ribbon and ruffled elbow length sleeves. Her white velvet bow headpiece held a wisp veil and she carried a basket of pink carnations and white pompons.

Bestman for his brother was Wendell Blixt of Escanaba and Richard Blixt was groomsmen. Seating the guests were, Richard Sullivan and Robert Clouse. Kent Artley, nephew of the bride was ringbearer.

For attending the wedding and reception held following the ceremony in the church parlors, the mother of the bride wore a three piece beige ensemble with brown and beige accessories. A corsage of pink carnations complimented her attire. Mrs. Blixt chose a willow green dress of acetate nylon lace with scalloped sleeves and bodice and black accessories. She was presented a corsage of yellow carnations.

Assisting At Reception
Assisting at the reception were: Linda Fredrickson, serving the wedding cake; Judy Ottensman, circulating the guest book; Bonnie Swanson and Carol Hoverman, presiding at the silver service; Judy Martin and Mrs. Barbara Ruthsatz served punch. A wedding dance was held at the Teamster's Hall from 9 to 1 a.m.

Following a wedding trip to an undisclosed destination the newlyweds will reside at 2125 N. Meade St., Appleton, Wis. The bride is a 1964 graduate of Gladstone High School and she graduated this year from the Bay de Noc Community College School of Practical Nursing. Mr. Blixt graduated from Escanaba High School in 1961.

HN Parents' Club Dessert Card Party Tonight

The public dessert card party sponsored by the Holy Name Parents Club will be held tonight beginning at 8 o'clock in the multi-purpose room of Holy Name High School.

There will be many handmade door prizes awarded which were donated by the ladies of Holy Family parish in Flat Rock. General chairman of the card party is Mrs. Raymond Barron of Holy Family parish and she will be assisted by Mrs. Vern Kleiman, Mrs. Tom Bartozek and Mrs. Maurice Gauthier.

Kennedy School Benefit Dinner

Benefit Dinner for the J. F. Kennedy School for Retarded Children will be held at the Eagles Club Sunday, Feb. 20. Serving will be from 12 noon to 6 p. m. at the Eagles Club, 608 Ludington St. It is sponsored by the Eagles Auxiliary with Mrs. Mildred Severinsen chairman and Mrs. Ethel Johnson, assisting chairman. The public is invited.

Mrs. Bryan Blixt (Gordon Nelson Photo)

PTA Observes Founder's Day With Program

"It is better to light one candle than to curse the darkness," was the opening comment at the 69th annual Founder's Day celebration held Tuesday evening in the auditorium of the Escanaba Area High School.

Mrs. Lowell Hebbard, teacher from the Jefferson School substituted for Mrs. Clyde Moersch who is hospitalized. Mrs. Moersch was chairman of this year's event.

Miss Sue Garrard and Miss Shelia Piche entertained the group with three folk songs, with Miss Garrard playing the guitar.

Luther M. Barrett, Escanaba Area School superintendent, spoke on the theme, "I Believe." Believe in parents, for without them we would have no schools, he said. Parents nowadays are sometimes too busy preparing the way for the child instead of preparing the child for the way, he added.

Believe in teachers, personality, preparation and pride, equal production and believe in education, Barrett concluded. Highlight of the evening was

the awarding of four distinguished service awards by Mrs. Leo Niquette, Council president. The awards are given each year to the school area's most outstanding citizens who have worked long and hard with children to make them better citizens. Each has worked in Scouting, church youth groups, with needy children, and with wayward youth in the school area.

Recipients of the awards are Miss Anita Kotila, Lowell Fox and Mr. and Mrs. Robert E. Meyer. The award money is sent to Lansing and there placed in a scholarship fund. Joe LeDuc, Mrs. Stanley Johnson, Mrs. Leo Niquette and Mrs. John McMahon entertained the audience with a humorous satire called "The Doctor's Ax."

Louis Diedrich, principal of Webster and John A. Lemmer won the annual Founder's Day birthday cake. Winners of the attendance awards were first place, Pine Ridge; second, Soo Hill; third, Washington and Ford River; fourth, Webster; fifth, Jefferson; sixth, John A. Lemmer; and seventh, Wells Central.

The next Escanaba Area PTA Council meeting will be held March 28 at 8 at the Junior High cafeteria.

Mrs. Buechin, Ted Anderson To Wed Saturday

The marriage of Mrs. Roberta (Bobbie) Buechin to Theodore (Ted) Anderson in Chicago is announced for Saturday, Feb. 19.

Anderson is a native of Escanaba and a member of the Escanaba High School Class of 1923 and is treasurer of the Arrow Pattern & Foundry Co., in Chicago. He is a past president of the Swedish Engineers' Society of Chicago and has been with the firm for more than 32 years.

Officiating at the ceremony to be held at the North Austin Lutheran Church, 1500 N. Mason Ave., will be Mr. Anderson's son, the Rev. Edward Anderson, pastor of the Prince of Peace Lutheran Church, Addison, Ill.

Rev. Ralph S. Leonard, pastor of the North Austin Church will assist at the wedding. Matron of honor will be Mrs. Beatrice Brill and best man will be Robert Swanson president of the Arrow Pattern & Foundry Co., who has been a frequent visitor in Escanaba.

After the wedding, the couple will fly to Hawaii for a two week honeymoon. On their return they will reside at 4530 N. Kasson Ave., Chicago.

County Line Club Meeting Held

The County Line Home Extension Club met at the Blanche Niemi home, Feb. 14 at 1 p.m. The lesson, "Getting the Most For Your Money," was presented by Millie Johnson and Jennie Hill.

Jennie Hill attended the lesson, "Getting Along With Older Parents," given by Dr. Margaret Jacobson at the County Building in Escanaba, Feb. 8. The next regular meeting will be held at the home of Mrs. Arthur Cober, March 7, at 1 p.m.

Bark River

Miss Theodora Burhans, missionary appointee with the child evangelism fellowship will speak at the Bark River Bible Church tonight at 8 p. m.

Ladies of the church will have lunch after the meeting. The public is cordially invited to attend. Miss Burhans will leave March 1, for mission service in Alaska. She will speak tonight

TODAY IS THE last day to make reservations for the annual Mardi Gras Charity Ball sponsored by the Gladstone Child's Welfare Club. It will be held Saturday, Feb. 19 at the Terrace and tickets will be available at the door. Members of the ticket committee are, from left, Mrs. Irving DeRoek, Mrs. Roy Olson, ticket chairman and Mrs. Phil Legault. (Daily Press Photo)

Germfask

Connie Smith had a tonsilectomy at Schoolcraft Memorial Hospital at Manistique and has returned to her home here.

Mrs. Maxine Heath has left for Taraverse City where she will visit at the home of her daughter and son-in-law, Mr. and Mrs. Harold Erickson and family.

Word has been received that S.M. Sgt. John Lustila Jr., who has been serving in Viet Nam, has returned to the Holloman A.F.B. in New Mexico.

A former resident, A3C. Kenneth Lewandowski, son of Mr. and Mrs. Eugene Lewandowski of Dolton, Ill., who enlisted in September and trained at Lackland Air Force Base in Texas and at Chanute Field in Ill., will leave Feb. 21, for Sewart Air Force Base in Tennessee for further service.

Gerald Jack, Nellie Smith and Edgar Holbrook have returned from Schoolcraft Memorial Hospital at Manistique to their homes here.

William McCarty, district youth leader of RLDS Church of Sault Ste. Marie, Canada will visit here and go with the youth group of the Germfask Reorganized Church of Jesus Christ of Latter Day Saints to a meeting Saturday at the Gulliver Church.

on the type of work that she will be doing with the children near Anchorage, were she expects to be stationed.

Dessert Card Party Is Well Attended

The Escanaba Medical Auxiliary held a very successful Dessert Card party, Tuesday evening in the St. Joseph parish hall. The affair began at 8 o'clock.

Mrs. Donald Fitch welcomed all attending at the dessert and distributed the door prizes to the following ladies, Mrs. Earl

Smith, Mrs. Denis McGinn, Mrs. Roy Bergstrom, Mrs. Lee Thorpe, Mrs. H. J. Huckenpahler, Mrs. G. Hornblad and Mrs. Benjamin Johns.

The individual table prizes of handcrafted driftwood centerpieces were also awarded.

It was reported by the members of the Auxiliary that the proceeds derived from the card party were sufficient to raise Delta County's quota to Bay Cliff Health Camp.

HUGE HYDROFOIL — Not missiles ready for launching, but the retracted sea legs of the world's largest hydrofoil vessel, the Plainview. Lowered hydraulically, the foils lift the hull above the surface, reducing drag to a minimum and permitting speeds of better than 40 knots. Unlike other hydrofoils, the Plainview's foils are completely submerged,

keeping it stable and maneuverable in waves up to 15 feet. The 310-ton craft, built by a Seattle, Wash., subsidiary of Lockheed Aircraft, will be used for research by the Navy, which believes the super hydrofoil might prove particularly useful for anti-submarine missions.

Danforth

Mrs. Knute Swanson was honored guest at a birthday party at her home recently. Mrs. Raymond LaMarche received the guest award and a party lunch was served following cards.

Llewellyn Larson of Danforth and Charles Kunde of Skandia have returned from New London, Wis., where they attended a training session on barn cleaners and other farm equipment.

Mr. and Mrs. Llewellyn Larson returned Monday evening from Minneapolis where they attended the annual sales meeting of the Van Dale Co. They also visited with Mrs. Larson's brother-in-law and sister, Mr. and Mrs. Darrell Bombardier and family at Coon Rapids, Minn.

OK Merge Move

GRAND RAPIDS (AP) — A plan to merge 13 Kent County elementary school districts into six high school districts has been approved by the State Committee on School District Reorganization. E. J. Kleinert, superintendent of Kent County Intermediate School District, said a date will be set Monday for individual districts to vote on the plan.

Great Lakes Levels All Up

DETROIT (AP)—Great Lakes sailors' crank up the cruisers, spin the outboards, hoist the sails.

And if you're a shipper: get ready to cram more tonnage into the freighters.

All the lakes are up—from a couple of inches to a couple of feet—compared with a year ago and the U.S. Army Corps of Engineers' Lake Survey expects them to keep right on rising into July.

Michigan and Huron, rebounding from 1964 and 1965 all-time lows, already are up one foot, five inches over mid-February of 1965 and are expected to add almost another two feet by the end of July.

The forecast is that Erie and Ontario will add within fractions of another foot. Erie already is 10 inches and Ontario an even two feet ahead of a year ago.

Superior, on which compensating gates were opened last fall to feed lower lakes, is two inches ahead of a year ago and the forecast is for another half-foot gain there.

The big upsurge is due to

heavy precipitation in the fall of 1965, which brought that year's average for the Great Lakes Basin up to 36.89 inches, compared with only 24.92 in 1963, 29.56 in 1964, and a long-term average of 31.02 inches annually.

Lake Survey experts figure this year's precipitation to date may add something, but they're not counting on it showing materially in the immediate future.

Runoff from thaw or rain takes a considerable time to show in the big lakes. Superior, for instance, is approximately 400 miles long, 50 miles wide and 222 feet deep.

But new precipitation may show a bit quicker this year than in recent below-normal ones.

Smaller inland lakes, whose levels sagged with those of the Great Lakes, now are higher. So are streams which feed the Great Lakes, and the ground water table generally is up.

AT&T Dividend

NEW YORK (AP)—American Telephone & Telegraph Co. declared a regular quarterly dividend Wednesday of 55 cents a share, payable April 1 to stockholders of record March 1. The dividend will go to more than 2.8 million shareholders.

Bark River Birthday

Adolph Urbanc was pleasantly surprised for his 59th birthday last Saturday night. Cards and games were played during the evening. The lunch table featured a pink and white two-tiered birthday cake decorated with pink roses made by Mrs. Louis DuBord. Miss Joann Urbanc, Miss Sally Magruder of Kenosha and Miss Mary Lou Urbanc of Milwaukee were home for the party.

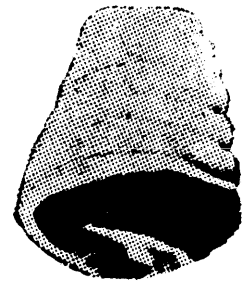

Personals

PALEFACE POWER—Looking like something Sitting Bull would have liked to have had in fighting the U.S. cavalry, the Army's newest guided missile, the Chaparral, rides from its launching pad at Naval Ordnance Test Station, China Lake, Calif. The arrowlike Chaparral, a modified Navy Sidewinder, is a surface-to-air missile designed to be used by front-line troops against low-flying aircraft.

Pricing Plans Split Farmers

EAST LANSING (AP)—Farmers aiming to boost farm prices by group action must convince consumers—and themselves—that their action is in the public interest, an agricultural economist says.

Dr. A. Allan Schmid of Michigan State University said a recent MSU survey shows a great deal of mixed emotions among farmers about the best way to obtain better prices.

"I would guess that a factor in farmers' mixed feelings toward group bargaining is related to the idea that there exists a true, natural and legitimate market price and even though group action may be personally remunerative, it threatens some people's concept of acceptable behavior and fair play," Schmid said.

He added, "I suspect an underlying concern that some farmers feel they will be left out or that even if included in the group action, they may be placed at a disadvantage as compared with others in the group."

Schmid said the survey indicates a majority of farmers favor bargaining associations and tend to feel that supply must be controlled to make an association's action effective.

But, he said, "In spite of their general support, many don't think supply control will bring lasting gains. In fact, I get the impression that there is a certain amount of defeatism in that they don't feel they can really control their destiny."

Task Force To Attack Problems Of Local Units

LANSING (AP)—House Speaker Joseph Kowalski, D-Detroit, has announced appointment of a task force on local government composed of 15 Democratic members of the House.

"An intensified attack is needed on the mounting problems of cities, counties and townships—problems never dreamed of only a few years ago," Kowalski said.

"We feel that a fresh, direct effort at hitting the highest priority needs may be through this task force."

Rep. Stanley Davis, D-Grand Rapids, a former four-term mayor of Grand Rapids, was named chairman of the group.

State Farmers Get \$55 Million

EAST LANSING (AP)—Michigan farmers received more than \$55 million last year under federal conservation and acreage diversion programs, the Agricultural Stabilization and Conservation Service says.

The ASC said Wednesday \$42 million was paid out under the voluntary feed grain and wheat diversion programs.

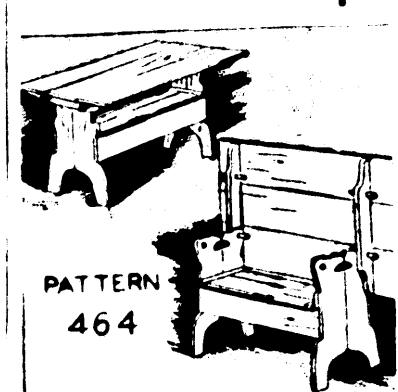

It also reported agricultural conservation program payments of \$4.8 million, commodity loans of more than \$3.3 million and incentive payments totaling more than \$2.5 million for producers of wool and sugar products.

Soon

DETROIT (AP)—Andrew Magda said that then he notice from his local draft board saying he would be inducted in the very near future if he didn't join a National Guard or reserve unit first.

Magda said Tuesday he received the induction order 24 hours later.

Teachers' Wage Scale Adjusted At Bark River

The Bark River-Harris Board of Education met Monday evening and opened bids for a 1966 60-passenger bus. Northern Motors of Escanaba was awarded the chassis bid and Superior Body Co. of Lima, Ohio was awarded the body bid. The total unit will cost the district \$6,429 and is scheduled for summer delivery.

Negotiating sessions currently being held under the revised Public Employee's laws were discussed. A compromise salary adjustment for the professional staff members of the district was approved by the Board.

"The adjustment was a sincere effort by both the teachers and board to bring the district's wage scale more in line with the surrounding areas," school officials said. "The base pay of \$4,800, as well as the maximum remain relatively the same, but the number of years to reach the top have been reduced from 20 to 11."

In other action, future projects under the Elementary and Secondary Act were discussed, hot lunch salaries adjusted to meet minimum wage standards granted, and plans for the Board to attend the U.P. School Board Association meeting to be held in Marquette Saturday, Feb. 19, finalized.

A teacher enrichment project, in cooperation with the Menominee Public Schools was discussed. Under the proposal, teachers would be sent to summer sessions for several courses in improved reading instruction, presented by Northern Michigan University. Supt. Richard Hendra was authorized to develop the proposal as it appeared to be definitely an advantageous situation for the professional staff and district.

Hendra was also authorized to accept bids until 10 a.m. Monday, Feb. 21, on the sale of a used pick-up truck currently owned by the district. The 1950 unit is no longer needed by the Bark River-Harris Schools and interested individuals are invited to inquire at the superintendent's Office.

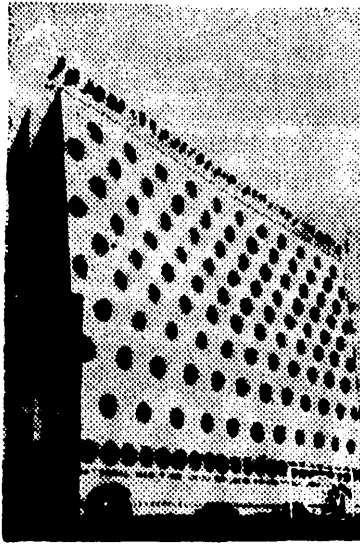

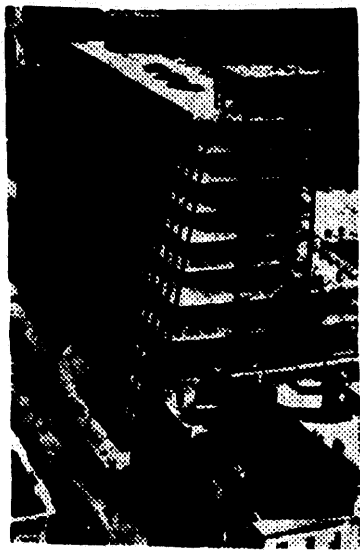

Stephenson

Sportsmen To Meet

The Mid-County Sportsmen Club will meet in the Clubrooms above the Menominee County Library tonight at 8 p.m. Local conservation personnel will be at the meeting to discuss the welfare of turkeys in the area and if possible review the last deer hunt season and future department plans for this area if plans have already been made.

Merit Finalist

John Hoeffler, son of Mr. and Mrs. John Hoeffler of rural Wallace, who was previously named as a semi-finalist in the National Merit Scholarship program, has been awarded the Certificate of Merit, indicating that he has been named as a finalist in the program. This places John, who is a senior at Stephenson High School, in the top one-half of one per cent of the secondary school seniors who participated in the program in the nation. Stephenson School authorities said the certificate will be awarded to the John at the annual senior honor assembly in May of 1966.

IT SLOPES—The new National Maritime Union Health, Training and Recreation Center takes a novel approach to New York City's "setback" building construction law. Instead of stepping back the 11-story structure slopes back from the street at an 8-2-degree slant. Top shows steel framework of the \$5 million structure. Artist's sketch, bottom, shows the finished building, complete with porches.

State Hiring Ups Age Limit

LANSING (AP)—The State Civil Service Commission opened up a number of state jobs today to persons who previously had been considered too old to apply.

It also approved a plan to hire inmates from the federal prison at Milan to ease a labor shortage at Ypsilanti State Hospital.

Currently, about 90 of the state's 2,000 job classifications have maximum age limits. The commission action cut the number to 60, mostly trainee positions.

The commission also raised the maximum age of applicants for conservation officer and State Police trainee from 29 to 30 and set a maximum age of 50 for all other state trainee posts.

The age limits currently range from 35 to 45.

Under the plan approved for Ypsilanti State Hospital, hand-picked Milan inmates who qualify for a new federal outside work program would be hired as cooks and manual laborers at the mental hospital and return to the prison at night.

Dr. James A. Peal, assistant state mental health director, said the inmate workers would be well supervised and have no direct contact with patients.

But, he said, the low wage scale for cooks, \$2.06 an hour, and manual laborers, \$2.14, might not be adequate to attract any of the Milan workers. The pay rates are fixed by the commission.

C&NW Suburban Service Pays

CHICAGO (AP)—Suburban service, which many railroads have abandoned, or would like to, posted new highs in revenues and profits for the Chicago and North Western Railway, the company reported Wednesday.

Commuter operations in 1965 set records for the third year in a row. Chairman Ben W. Heineman said. Suburban service profits were \$1,387,000 or almost double the \$706,000 in 1964.

Revenues from commuter trains were \$15,657,000, up 5.1 per cent over 1964.

The North Western is the largest commuters hauler in the Chicago metropolitan area.

COLUMBUS' CHRISTMAS

Christopher Columbus and his men celebrated their first Christmas in the new world on the northern coast of Haiti, near what is now called Cap-Haitien, in 1492.

THE FIRST TWO flight versions of the booster for the new Saturn V launch vehicle are being readied for testing at the NASA Huntsville, Ala., Marshall Space Flight Center. As-

sembly and testing of two more of the giant boosters also is under way at Huntsville.

Garden Peninsula

Mrs. George Coppess, acting librarian of the Mid-Peninsula Library Station at Garden, reports that the library will be open on Monday night from now on, weather permitting. Library hours are Monday 7 to 9 p. m. and Saturday 2 to 4 p. m. There is a need for volunteers to act as librarians once every two months and to assist in sorting

and cataloguing books being donated to the library.

A meeting will be held Monday, Feb. 21 at 7 p. m. at the library for all interested in the work. A children's story hour from 1 to 2 p. m. will be scheduled if there are enough volunteers to hold regular meetings and assist in the maintenance of the library.

Al Durham and sons Reginald and Roger of Ironwood

Ensign

Tom Safford of Ensign, was elected vice president of Delta County's 4-H Council Thursday evening. Other council officers are: Mrs. Albert Weldum of Rock, president, Mrs. Ray La-

spent the weekend at the home of Mr. and Mrs. Howard La-

Marche of Escanaba, secretary, Mrs. Clarence Dittich, Hyde, treasurer.

Conservation project members of the Ensign 4-H Club will meet Saturday, Feb. 19, 2 p. m. at the Thomas Safford home.

The new phone number of Mrs. Thomas Safford, Rapid River area reporter is 474-6676.

Milk Drops

LANSING (AP)—Michigan January milk production, 445 million pounds, a severe cent drop from the same month a year ago but two per above average for the month. The Federal-State Crop Reporting Service said egg production in January was 116 million, three per cent less for the month a year ago.

GLADSTONE

Briefly Told

The Gladstone Community 4-H Club will hold Chorus practice Friday in the City Hall from 7 to 8 p.m. and talent practice from 8 to 9 p.m.

Cub Scout den mothers of Pack 471 are asked to call GA 5-5221 with information about the number planning to attend the Blue and Gold banquet from their den and on their order for flowers.

State Police issued traffic summonses Wednesday to John Stropich, 1423 N. 19th St., Escanaba, defective equipment on truck; Lloyd Tuyls, 302 S. 16th St., Escanaba, no mud flaps on truck; Lucy Smith, Wilson, no operator's license.

Edward Palka, 47, of Rte. 2, Bark River, was arrested by State Police at 7:50 p.m. Wednesday and charged with drunk driving. He was lodged in the Delta County jail, pending arraignment before Justice A. J. Mortier of Gladstone today. Troopers said Palka was observed driving erratically on U.S. 2 and 41 in Wells Township.

Chamber Picks Dinner Speaker

William DeClair, retired chief of new plant operations for General Motors, will be the speaker at the annual meeting of the Gladstone Chamber of Commerce at the James T. Jones cafeteria at 7:30 p.m. Thursday, Feb. 24.

DeClair, of St. Claire Shores, Mich., will inform members of the chamber and their guests what General Motors looks for in a community after they set up a new plant and increase employment in an area.

Ron Watson, publisher of the Delta Reporter, will be master of ceremonies and is co-chairman of the program with Bob Malnor, president of the chamber.

Plans will be formulated for the 1966 program and all members are asked to bring a guest or prospective new member to participate in the planning session. Tickets are available at the Chamber of Commerce office and reservations must be in by Feb. 21.

Fish Shelter Work Planned

Twenty-six log cabin type fish shelters constructed by "Operation Bootstrap" members will be sunk to the bottom of Little Bay de Noc in a joint operation Saturday with the Michigan Dept. of Conservation.

"Bootstrap" has asked volunteers to report to the Thiesen-Clemens dock at 9 a.m. to help finish the structures and sink them through the ice. Men with pickup trucks, chain saws and chisels are needed.

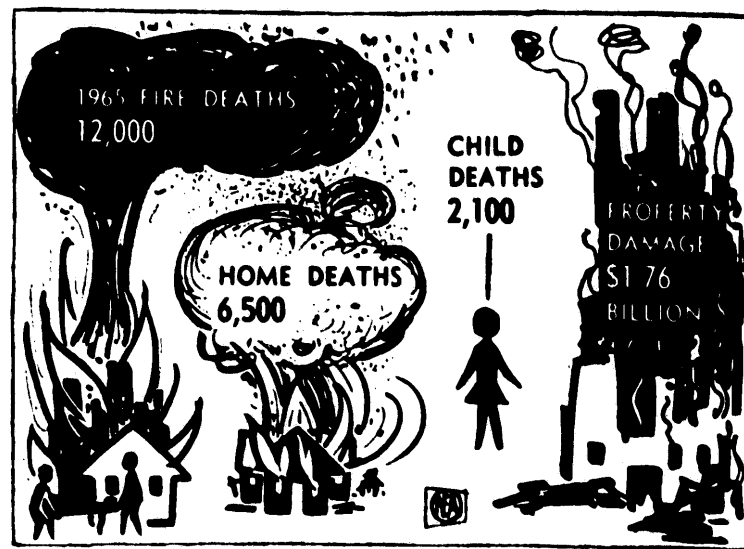

Thirteen of the shelters already have been pulled onto the ice and placed in specified locations.

The shelters, six feet wide, 12 feet long and five feet high,

will be filled with rocks and brush prior to sinking. Locations of the shelters will be marked with buoys, to allow fishermen easy access.

"Bootstrap" hopes the shelter areas will eventually develop to fishing "hot spots" because of the additional cover they will provide for the bay's fishing population. Smaller fish, such as perch and bass, are expected to feed inside and along the structures, thus attracting larger fish. This will create a concentration of fish and should provide better fishing. Bootstrap hopes.

Fish biologist Cliff Long of the Escanaba District Conservation Headquarters has favored the project, but warns that results may not be apparent immediately. Fishing shelters placed in lakes in similar situations have been successful, but it generally takes a year or two to notice any change in the fishing.

FIRE'S TOLL.—Newschart points up the price paid in lives and property for fires in the United States during 1965. More than half the deaths occurred in private homes and a third of these were children, according to the National Fire Protection Association statistics. Property damage included \$1.45 billion to buildings and contents and \$306 million in aircraft, ship, motor vehicle and forest fires.

Eaton Shows Profit Gain

NEW YORK (AP)—Eaton, Yale & Towne, Inc., Wednesday reported profits of \$43.7 million, equal to \$5.90 per share, for the 12 months ended last Dec. 31. The figures compared with profits of \$32.3 million, or \$4.36 per share, in 1964.

Briefly Told

The Gladstone Ski Patrol meeting, scheduled to be held tonight at the Doctors' Clinic, has been cancelled.

MUSIC HATH CHARMS—An old Vietnamese woman and child give full attention to a concert by the U.S. 3rd Marine Division band at Cam Ne, South Viet Nam. Band music is part of a concentrated effort by U.S. forces to win over population of Viet Cong-influenced villages near Da Nang.

Gas Profits Up

DETROIT (AP)—American Natural Gas Co., parent of Michigan Consolidated Gas Co., reported Wednesday that its 1965 profits averaged \$2.84 a share, compared with \$2.50 a year earlier.

American Natural's other subsidiaries are Michigan Wisconsin Pipeline Co. and Wisconsin Gas Co.

The firm said its operating revenues last year were \$363 million, a gain of \$31 million over 1964. Its net profit of \$41.8 million, compared with \$36.7 the preceding year.

Big, New Game

Simple to Play! Easy to Win!
Just Match Any Set of 3!

How to play **3 OF-A-KIND**

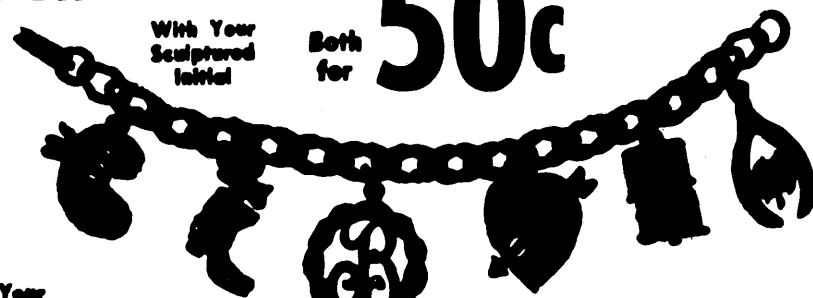

1. Get a 3 OF-A-KIND concealed playing card ticket, available upon request at end of any check lane at any A&P Store or at store office. No purchase necessary to participate. Only one ticket per adult customer per store visit.
2. Punch out the center to separate and reveal two playing cards. Match playing card and insert into die-cut space on master card.
3. When you have matched any set of three cards, for example, 8 of Clubs, 8 of Diamonds, 8 of Spades, you have won a cash prize. You take your winning card to A&P immediately. After winning card is verified you will receive your CASH prize from the store manager.
4. Only one cash prize per card but winner will be given a new master card so you can keep playing 3 OF-A-KIND. All cards void if altered or defaced. Offer expires 5 days after end of game as announced in A&P ads.
5. If your ticket shows "you win" an A&P product—you may immediately trade it in for the actual product FREE at your A&P Store.
6. Winner consents to publication of his or her name and photo at the discretion of THE GREAT ATLANTIC & PACIFIC TEA COMPANY, INC.
7. Employees of THE GREAT ATLANTIC & PACIFIC TEA COMPANY, INC., its advertising agency and members of their families ineligible to win. No purchase necessary.

Board Supports Play Area Plan

A cooperative development of a new recreational area by the city and the Escanaba Area Schools was recommended by the Recreation Board at a meeting Wednesday night.

The board recommended to City Council that the city co-operate in the development of recreational facilities in the area of the Escanaba Athletic Field and the city's equipment storage yard. This is the proposed site of a new elementary school. Both the city and the school system own property in the area.

The board agreed that a playground at the site would provide a practical solution to the needs for a recreation area for youngsters of the Sylvan Point district.

The board recommended that necessary funds for joint development of the area be included in the 1966-67 recreation department budget.

Luther Barrett, superintendent of schools, outlined advantages of a cooperative development of the recreational area at the site. He also discussed aspects of Community School recreation plans which could apply to the Escanaba community.

Paul Vardigan, acting director of recreation, reported to the board on the winter recreation program, including the skating rinks, ski hill, junior hockey program, Club 314 and City Basketball league.

The board awarded the 1966 concession rights at the municipal swimming beach to the St. Anne's Youth Society.

Catholics Told Lenten Fast Is Cut To 2 Days

(Continued from Page 1)

December many theologians and bishops said the Pope was about to end the rule universally with a decree. No action came then, but it is now believed that the Pope will let national and regional conferences of bishops legislate for their own territories.

American clergy working at the Vatican expect that, when the time comes to vote, the majority of the almost 300 Catholic bishops in the United States will decide to keep Fridays meatless.

The Friday abstinence rule is neither part of church doctrine nor found in its moral teaching. It is a penitential practice. Deliberate violation of the rule is a matter for confession but occasional forgetfulness is not. Any Catholic can easily get an exemption from his parish priest for health or other good reasons.

MMP Asks Milk Price Increase

DETROIT (AP) — An increase in the federally regulated price paid to farmers for milk was asked Wednesday by the Michigan Milk Producers Association.

The MMPA asked the U.S. Department of Agriculture to adjust methods of computing the price, now set at \$4.42 per hundredweight.

The MMPA's "superpool" price of \$5.10, negotiated with farmers and dairy owners, would remain stable until the expiration of the current contract July 31, spokesmen said.

Milk available at the current price would "fall far short of meeting the minimum market needs," the association said Wednesday.

Rapid River

Skating Party
The junior and senior high classes of Rapid River Congregational Sunday School will have an ice skating party Saturday, Feb. 19. Everyone will meet at the church at 7:30 p.m. where rides will be furnished to the Gladstone Ice Rink.

Following skating, the young people will return to the parish hall for refreshments and games. Guests will be invited by the class members. Party arrangements are being made by Gerald Payne, transportation; Peggy McClintchey, games; Tom Safford, refreshments.

Legislators Ill

LANSING (AP) — Rep. John J. Fitzpatrick, D-Detroit, suffered a heart attack Wednesday. Fitzpatrick will be hospitalized six to eight weeks, said Dale Arnold, an administrative assistant to Speaker Joseph Kowalski, D-Detroit.

Kowalski went to the hospital with Fitzpatrick, and the Speaker was found to be suffering with flu. Kowalski was ordered to rest 72 hours.

Hope Record

HOLLAND (AP) — A spring enrollment of 1,665, highest for the spring term in its 100-year history, has been reported by Hope College in Holland.

S. H. S. Students To Compete In Music Festival

The Annual Solo Ensemble festival for Upper Peninsula school will be held at Northern Michigan University on Saturday, Feb. 19, 1966. The following individuals and groups from Stephenson High School will participate in the festival on Saturday, Richard Durow, Gloria Sager, John Hoefler, Barbara Bonn, Sue Wilson, Jerilyn Freis, Karen Boucher, Nancy Bastien, Patricia Lacasse and Chris Peterson.

Germfask

Herbert Burton, Larry Jack and Duane Streeter took part in the North American Championship Snowmobile Races over the weekend in Munising. Many people from Germfask motored to Munising to attend the races.

Mr. and Mrs. Robert Campbell and son Bobby of Ft. Washington, Wis., visited at the home of Mrs. Campbells parents, Mr. and Mrs. Harold Lustila Sr. and also with Mr. Campbell's parents at Sault Ste. Marie over the weekend.

Mr. and Mrs. Bill Burns and daughter, Mrs. Robert Good-bow and Jerry Bowler visited at the home of Mr. Burns' parents, Mr. and Mrs. Walter Burns and with Mrs. Burns' sister, Mrs. Betty Thayer of Lakefield.

A Germfask Centennial meeting will be held Sunday Feb. 20, at the Germfask Elementary Gym. All interested persons are invited to attend the meeting.

Elder G. A. Edwards and Elder Richard Robbins visited at the home of Elder and Mrs. Walter A. Burns here enroute from Gulliver to their home at Sault Ste. Marie, Canada.

Mr. and Mrs. Hubert Latsch attended the Promenade's supper at the Bay de Noc College Student Center Saturday night in Escanaba.

Germfask and Seney members of Fourth Degree Knights of Columbus, entertained 46 Knights and their wives from Newberry, Manistique, Germfask and Seney at a cocktail hour at 6:30 p.m. and banquet at 7:30 Saturday at St. Theresa Church basement. A program was presented by guests from Manistique and cards were played following the meeting.

Birth

Word has been received here of the birth of a son to former residents, Mr. and Mrs. Charles Niles of Pontiac on Feb. 2. He weighed 7 pounds, 14 ounces and has been named Darien Charles. The mother is the former Betty Ackley. Grandparents of the baby are Mr. and Mrs. Ted Ackley and Mrs. Bessie DeLaurier of Germfask.

The Germfask - Seney Lions Club held a business meeting Tuesday night at the Germfask Elementary School Gym. Lion Governor, George E. Sivula of Negaunee, made his annual visit to the club at that time.

The Germfask - Seney PTA is sponsoring Snowmobile races Feb. 27, beginning at 12 noon. Trophies will be given. Headquarters will be at the Veterans' of Foreign Wars Hall at Germfask.

The Germfask - Seney Cribbage Club met Wednesday evening at the Seney Township Hall. The men won the evening's score but the women are still in the lead. Mrs. Richard St. Martin, Mrs. Jennie Nelson and Mrs. Jack Riordan, all of Seney served refreshments.

Mrs. Wilbert Beloungue returned to her home at Madison Heights after visiting her mother, Mrs. Maude Burns who is a patient at Schoolcraft Memorial Hospital at Manistique and other relatives and friends here.

Mr. and Mrs. William Caffey attended funeral services for Mrs. Caffey's aunt, Mrs. Clara Walker at the Messier Brouillette Funeral Home at Manistique, Thursday.

The bake goods sale and card party held at Cliff's Restaurant Thursday afternoon was very well attended. Chairmen, Mrs. William Caffey of Germfask and Mrs. Pauline Rose of Seney Township wish to thank every one who donated or helped in any way. Prizes were awarded to Mrs. Leslie Walstrom, Mrs. Sylvia Deacon, Mrs. Audrey Newborn and Mrs. Elsie Holbrook.

Word was received by Mrs. Harold Lustila Sr. that her stepfather, Ferd VanLooy, who has been a patient at Orthopedic Hospital at Highland Park for several weeks has returned to his home at St. Clair Shores.

4-H Classes
A 4-H handicraft class with about 25 members is working with leaders, Warren Harris, Carley Williams and Kenneth Lytle. A knitting class is being taught by Mrs. Mary Lytle. The painting class has Mrs. Nettie Ackley and Mrs. Brenda Lustila as leaders. Sewing class leaders are, Mrs. Peggy Swisher, Mrs. Brenda Lustila and Mrs. Harold Lustila Sr. There are also two horse study clubs with Mrs. Shirley Prieskorn and Jay Livermore, leaders.

Mrs. Leonard Kubont spent a few days here visiting with relatives and friends before returning to her home at Marquette.

"THE STREET must have been slippery," Fire Captain L. J. Kromenacker commented when he saw this freak parking feat. He was right. Kay Bolha, 26, of Toledo, explained to police that her car skidded on icy pavement and went partly up a street sign post before dropping onto the fire plug. (AP Wirephoto)

'Copter Aids Two Fishermen Lost On Superior Ice

SAULT STE. MARIE (AP) — Two commercial fishermen, lost on Lake Superior ice since Wednesday were found today and brought ashore.

A helicopter from Kincheloe Air Force Base spotted Orville Wallen, 53, and James Crisp, 23, both of Sault Ste. Marie, and airlifted them to War Memorial Hospital in the Soo.

Crisp was reported in fair condition suffering from exposure and frozen hands, feet and knees. Wallen was in good condition and was being treated for exposure.

The two men were objects of a search by State Police and Chippewa County sheriff's deputies after they were caught by 35-mile-an-hour winds and blowing snow Wednesday.

They had been setting nets with the help of a motor-driven sled some three miles off shore when the storm blew in. Ice in the area varied in thickness from one foot to four inches, officers said.

'Reverend Bob' Dies In Grayling

GRAYLING (AP) — Evangelist H. W. Ingersoll, known as "Reverend Bob" died here Wednesday. He was 80. Ingersoll had been superintendent of the Pacific Garden Mission in Chicago, the Saginaw, Mich., Rescue Mission and pastor of the First Baptist Church of Prudenville, Mich.

Survivors include the widow, two daughters and four grandchildren. Funeral arrangements were incomplete.

Organizer Dies

DETROIT (AP) — William C. Stevenson, assistant director of the United Auto Workers skilled trades department and long-time Michigan labor organizer, died Wednesday. He was 64. Stevenson helped organize skilled trades unions in the early 1930s and had been a member of the UAW since 1936.

Conflict Needs, Civilian Boom Press Economy

(Continued from Page 1)

penditures continue to rise.

In an increasing number of industries, demand-supply conditions have reached the point where manufacturers have had to allocate their products among their customers to assure a fair distribution.

When the Defense Department has found it necessary to boost a military inventory for a product or to place a large order for equipment, civilian customers have become uneasy and have raced to place orders to protect future requirements.

Some businessmen describe such purchases as anticipatory or protective buying but others simply call it "war-scare buying."

The steel industry has reported recently that it has noticed some anticipatory buying.

Heavy Buying
Other fields in which customers have been trying to buy heavily for future needs include copper, lead, zinc, molybdenum, motor trucks, machine tools, electric motors and other components.

Unannounced price increases are taking place because the demand for nearby deliveries has suddenly expanded to levels in excess of supply.

Sen. A. Willis Robertson, D-Va., chairman of the Senate House Committee on Defense Production, said there is increasing use of priority assistance for critical materials, upward pressure on prices and increasing demands like those which led to price controls and allocations during World War II and the Korean War.

He said the committee's annual report "indicates that the economy is beginning to show the impact of the Viet Nam buildup and that in areas of heavy defense production the already short supply of manpower may get serious."

He added that "some shortages of capacity have developed and other industries are operating at or near capacity."

Compromise On Vet Tax Asked

LANSING (AP) — A Detroit area veterans' group has asked Gov. George Romney and majority Democrats in the Legislature to resolve their differences over veterans homestead tax exemption.

The Detroit Districts Association of American Legion Posts, Romney said at his news conference today, urged him and the Democrats "to make every feasible effort to resolve the differences between the two proposed bills on changing the present tax exemption act."

Romney, meanwhile, repeated his earlier intentions to veto the Democratic bill if it comes across his desk again. He vetoed the flat-rate exemption, passed by the Legislature last fall. The veto was upheld by House Republicans who said they would do it again.

The scale in Romney's bill runs from the first \$2,500 of state equalized valuation to \$5,000 on homesteads with an equalized valuation of \$10,000 (about \$20,000 cash value.)

The Democratic bill would raise the base from its present \$2,000 to \$3,500 for all qualified veterans.

Viet Background

LANSING (AP) — The Michigan Democratic Party plans to sponsor a "Background on Viet Nam" program Feb. 26 in Detroit. Five professors from Michigan, Michigan State and Wayne State Universities will present their views and answer questions.

He said the committee's annual report "indicates that the economy is beginning to show the impact of the Viet Nam buildup and that in areas of heavy defense production the already short supply of manpower may get serious."

He added that "some shortages of capacity have developed and other industries are operating at or near capacity."

Warren Speaks

LANSING (AP) — Chief Justice Thomas Kavanagh of the State Supreme Court had announced that Chief Justice Earl Warren of the U.S. Supreme Court will address the annual Michigan Judicial Conference May 3 at Boyne Falls.

Legion Auxiliary Plans Many February Events

Rapid River's American Legion Auxiliary has several events planned for February. Tuesday evening, a valentine card party was held at the legion hall in Rapid River. An entertaining evening was enjoyed by those present with card games, cake walk, prizes and lunch. Lunch arrangements were made by Mesdames: Betty Wilson, Irene Birk, Marlene Towler, Lorraine Dillon, Gwen Rushford, and Nancy McClintchey.

The auxiliary will observe George Washington's birthday Tuesday, Feb. 22, with a social tea from 2-4 p.m. at the Rapid River Legion Hall. The auxiliary extends an invitation to everyone to come and enjoy a relaxing afternoon.

Friday, Feb. 25, a bake goods and household item sale will be held at the legion hall from 9 a.m. to noon. Proceeds will benefit auxiliary's projects, such as: child welfare, veteran aid, and scholarships.

Griffin Sees Key To Future In Education

BATTLE CREEK (AP) — Presenting unlimited educational opportunities is one of the greatest challenges facing the United States today, Rep. Robert Griffin, R-Mich., said Wednesday.

"Maximum education in the field of one's own choosing, whether it be as an auto mechanic or as a college professor, is the key to America's future," Griffin told members of a PTA group.

Griffin is campaigning for the GOP nomination for the Senate seat now held by Sen. Patrick V. McNamara, D-Mich. He said two proposals in Congress—a system of income tax rebates for money spent on education and increased federal participation in construction of junior colleges—should be given serious consideration.

DAILY NEWSPAPERS are a GROWTH BUSINESS

The NEWS in NEWSpapers keeps growing every year

The volume of news, features and comment provided by the average daily newspaper has increased by 46% in the last 18 years

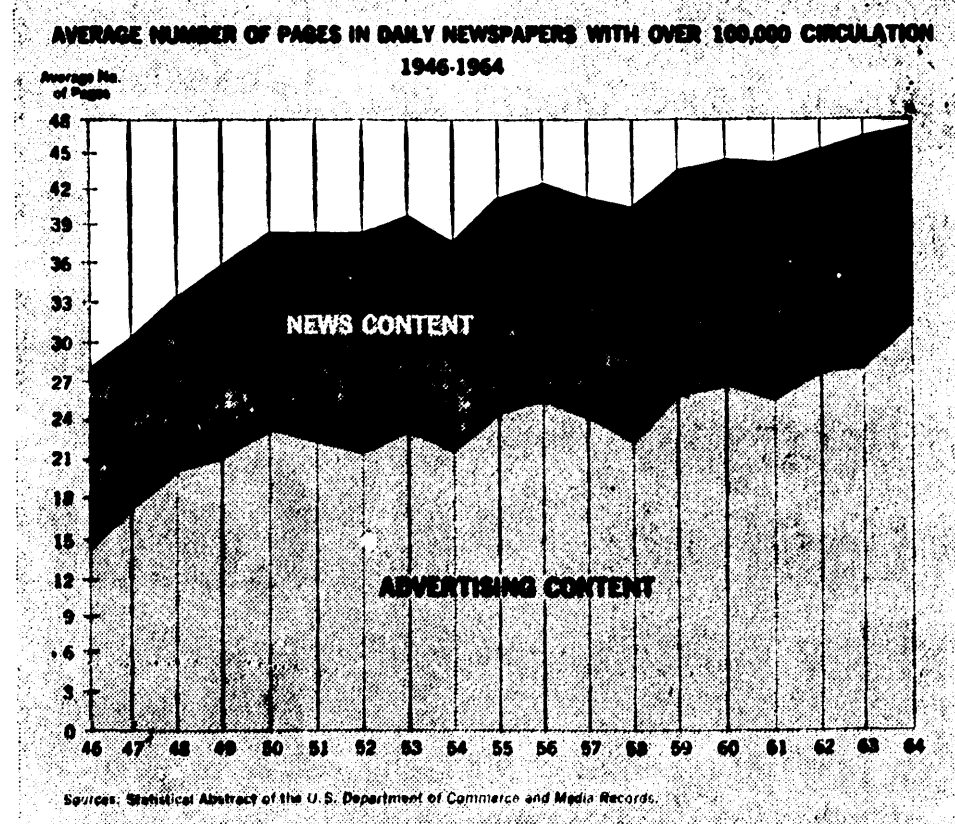

The total accumulation of scientific knowledge is doubling every 10 years. The number of new book titles published annually has doubled in the last six years. The task of keeping pace with the "information explosion" becomes more difficult for the individual every year.

But daily newspapers are helping the American people keep up with the increasing volume of knowledge. Since World War Two they have increased their news content 46%* and their staffs 33%, including specialists in science, medicine, foreign affairs, education and other vital areas. No other news medium can match the newspaper's capacity to bring the public so much information so well.

Newspapers are growing in other ways too. Daily circulation reached a record 60,400,000 copies a day in 1964 and advertising has more than tripled since the end of World War Two.

Newspapers are growing for one reason: Only the newspaper covers the news fully and in depth. There is no substitute for the daily newspaper.

*Newspapers with circulation of 100,000 and over; although comparable data are not available for smaller circulation newspapers, their newspaper consumption indicates that their proportionate gain in number of pages was even greater.

For more information on why daily newspapers are a growth business, write for a free copy of the new booklet, "The Growth of the American Daily Newspaper," an economic analysis published by the University of Wisconsin.

with Ray Crandall

Mickey Moses, former star Escanaba athlete, will receive the "Forest Evashevski Football Scholastic Achievement" award presented annually by the Iowa Boosters Club of Davenport. The handsome trophy has been awarded by the Boosters organization for the past dozen years. Moses, reserve quarterback and kickoff specialist for the Hawkeyes, will be heading for Tucson and spring training with the Iowa baseball team soon. He was the third leading batter in the Big Ten last spring.

Leading scorer in the Eastern cage conference this season is Chuck Bennin, classy Pickford guard who led the Panthers to the finals of the state Class D tournament in East Lansing last season. Bennin sports a 23.2 average in conference competition.

Bob Gale continues to lead in the Upper Peninsula individual scoring race. Through his first 15 games the 6 foot 5 inch Trout Creek pivotman has accumulated 492 points for a 32.8 average. Not far behind is Chassell's Dave Vertanen with 462 points in 15 starts.

DeTour, zeroing in on the Eastern Conference basketball crown, has never captured the league championship. The Red Raiders have clinched at least a hunk of the title and will win it outright if they get past last-place Cedarville in their season finale Feb. 25. It appears the Red Raiders will be a title contender for some time as their jayvee team recently captured the conference tournament title, whipping Pickford, 98-64, in the finals. Engadine's reserves won the consolation game by edging Soo Loretto, 65-64, with Darrel Houghton scoring 26 points.

Dave Douglas, veteran whistle tooter from Iron Mountain, has been elected president of the newly formed Dickinson-Iron Counties Officials Association. Other officers of the organization are Dick Mettlich of Crystal Falls, vice president, and Harold Anderson of Stambaugh, secretary-treasurer.

Coach Fritz Wilson's Houghton Gremlins, streaking after a faltering start this season, belted Jeffers by a 98-55 margin in Copper Country Conference action. Phil Jose rifled in 32 points to lead the Gremlins to their 10th victory in 15 starts.

Coach Mike Mileski's Northern Michigan University swimming team registered its first victory of the season by defeating Green Bay YMCA, 51-43. The Wildcats took first in five of the 11 events and picked up points in every race.

Coach Fred Boddy's Bishop Baraga Royals had their hands full in a 69-61 triumph over Hancock, co-leader of the Copper Country Conference. The Royals had to wipe out a 16-10 first quarter deficit and then held off a late Hancock threat. They made the most of 13 Hancock fouls by connecting on 17 of 21 free throw opportunities to score their 15th victory in 16 starts.

Marquette's undefeated wrestling team barely squeaked past Kingsford in a dual match this week, 23-19, the margin of victory coming on a forfeit in the 133 pound class as Kingsford's Craig Ponzo failed to make the weight. The final two bouts on the program, matching Larry Capra of Kingsford against Gary Fuson of Marquette and Bill Bailey of the Flyers against Dick Flynn of the Redmen, were scoreless draws. Marquette will provide the final opposition of the season for the Escanaba grapplers here Saturday afternoon.

Crystal Falls extended its current victory string to 10 games and its overall record to 12-3 by whipping Gwinn, 82-48. Ted Sacheck pumped in 33 points as Coach Stu Smith's towering Trojans gained revenge for a 60-54 setback suffered earlier in the season.

The Escanaba Football Coaches Clinic, which will be staged at the Terrace April 1-2, has become one of the most popular in the region in its two years of operation. The first clinic in 1964 drew 75 coaches, the second one last year drew 94. Past speakers were Frosty Ferzacca, Gil Canale and Pat Naughton of Northern, Bill Lucier of Michigan Tech, Merts Mortorelli of Superior State, Rae Drake of Kingsford and Jerry Roesh of Superior East High School.

The annual Snow Chase Club's Alpine ski event for juniors and adults in the Upper Peninsula will be held Saturday, March 5, at Chiff's Ridge in Marquette. Entry blanks for the 9th annual event are available from Edmund G. Pabst, 5050 Broadway, Chicago, Ill.

The Green Bay Bobcats, nipped by a 6-3 margin in their Saturday night game against Marquette, joined the Rangers with a 7-0 shutout in Sunday's United States Hockey League contest. The split leaves the Rangers tied for second with St. Paul behind Waterloo in the USHL standings. St. Paul and Marquette will battle it out at the Palestra Saturday night and Sunday afternoon.

Alpena lived up to its high ranking in the state Class A cage list this week by blasting the Soo Blue Devils, 70-51. Forward Harvey Marlett led the downstate Wildcats with 25 points as the Blue Devils went down to their ninth setback against six victories this season.

Red Wings Lose As Pit Martin Gets Hat Trick

By The Associated Press
Shortly after the Detroit Red Wings swapped Pit Martin to the Boston Bruins Jan. 1, in a trade for Parker MacDonald, Martin scanned his new teammates and announced: "I'm real happy here."

The Wings, however, are not so happy to have him there. Martin scored three goals and set up the tie-breaker Wednesday night as the Bruins snapped a long hex by whipping Detroit 5-4.

The 22-year-old center thus brought his scoring total to 15 in 21 games for Boston.

The Red Wings took a two-goal lead, 4-2, on a goal by Bill Gadsby in the opening minute of the third period before Martin completed his hat trick with a 24-foot shot at 2:34.

It was the Bruins' first victory over Detroit since the final weeks of last season. Boston completely dominated the third period, outshooting the wings 25-11 and finishing with a shooting advantage of 47-32.

Better Than Cowboys, Vikes

Falcons Fared Well In Expansion Picks

PALM BEACH, Fla. (AP)—The Dallas Cowboys and Minnesota Vikings agree that the newly stocked Atlanta Falcons fared better than they did as National Football League expansion franchises in 1960 and 1961.

"I would like to have had that group when we started," said Tex Schramm, general manager of the Cowboys, who finished their first season in 1960 with an 11-1 record.

"They are better off than we were," said John Thompson, assistant general manager of the Vikings, whose first team in 1961 wound up with a 3-11 mark.

Commissioner Pete Rozelle and the other NFL owners went along with the thinking of the Cowboys and the Vikings.

"I feel, with the stocking program and the rookies Atlanta has signed, they are in much better position than either Dallas or Minnesota at the start," said Rozelle.

Vince Lombardi, coach and general manager of the champion Green Bay Packers put it this way:

"They are very well stocked, far better than anyone thought they would be at the time."

The Falcons were stocked Wednesday with 42 experienced players from NFL rosters. They averaged 26.2 years old and about 3 1/2 years pro experience.

The Falcons also have 22 rookies and a large number of free agents, making a total of 94 players.

"I am very pleased," said Coach Norb Hecker of Atlanta. "We have a fine group of defensive backs and defensive linemen."

"The big surprise to me were Dennis Clardie of Green Bay, Alex Hawkins of Baltimore, Larry Benz and Bobby Franklin of Cleveland and Maury Young of Dallas.

"As of now, Clardie is my quarterback. I think he is a great prospect."

The league never has announced any financial figures on the Atlanta franchise, but it is

reported owner Rankin Smith put up \$8.5 million to get the team.

It is understood that \$50,000 goes into the league treasury as a franchise fee, and the rest is divided among the other 14 clubs over a period of years.

That would give each team about \$600,000. As each gave up three players it could be figured at \$200,000 a man.

The Falcons took 23 offensive players and 19 defensive men from the established clubs. According to league compilations, 22 of the players have held starting jobs in the NFL although not all in 1965.

Hecker outlined his personnel on a blackboard depth chart, showing an offensive unit with Clardie at quarter, Ernie

Wheelwright of New York or Junior Coffey of Green Bay at fullback and Perry Lee Dunn of Dallas, Dan Lewis of Washington or Randy Johnson of San Francisco at running back.

His receivers would be Neal Petties and Hawkins of Baltimore, Bill Martin of Chicago, Bob Jencks of Washington, Dale Messer of San Francisco and Red Mack of Pittsburgh.

Among the brightest rookies acquired in the college draft or signed as free agents are Tom Nobis, All-America linebacker from Texas; halfbacks Bill Wolksi and Nick Rassas and end Phil Sheridan of Notre Dame and quarterbacks Randy Johnson of Texas A&I, Steve Sloan of Alabama and Tom Hodges of Virginia.

Great Northern League Leaders To Meet Friday

Games Friday
Escanaba at Holy Name
Stephenson at Menominee

The race for the first Great Northern Conference basketball crown heads into the home stretch this weekend with a pair of important contests on tap Friday night.

Stephenson puts its 5-0 record on the line at Menominee, facing the No. 2 team in the standings, Escanaba, third in the list, takes on the winless Holy Name team at the Crusader gym.

If Coach Guss Lord's Eagles get past the Maroons nobody can catch them. If they don't, however, it opens the door for a possible three-way tie among Stephenson, Menominee and Escanaba.

Statistics released today by Ken Peterson of Escanaba

show the Eskymo jayvees atop the reserve team standings with a perfect 6-0 record.

Menominee's Jim Uecke and Pat Miller continue one-two in the individual scoring race. Uecke has tallied 149 in seven starts for the top spot. The Maroon pair also lead the league in rebounds with Miller setting the pace with 79 recoveries.

The individual statistics:

Team	W	L
Stephenson	5	0
Menominee	5	2
Escanaba	3	3
Iron Mountain	1	2
Kingsford	1	3
Holy Name	0	6

Team	W	L

OUR BOARDING HOUSE with Major Hoople

OUT OUR WAY by J. R. Williams

MANISTIQUE Industrial Group Hears Dr. Garland

Dr. Hereford Garland of Michigan Technological University spoke to a Manistique civic, industrial and business group at Liberty Cafe Wednesday noon, outlining and detailing a report of the University's wood institute on potential for use of surplus woods of Upper Michigan.

The Institute has issued a report citing the possibilities for development and has stated Manistique and Bay Mills, near Soo have the greatest potential for a mill development.

Desirability of a community as a place for managerial and technical personnel to live is cited as among important considerations in location. A tentative report by Vilcan Leman,

planning consultants, was received and a meeting will be held on issuing a prospectus or industrial brochure.

Otmer Schuster has been elected chairman of the group, A. J. Cayia Jr., vice chairman and David Rood, secretary.

The group will meet again next week.

Curtis

Robert H. Stamper visited here at the home of his parents, Mr. and Mrs. Harold Stamper before leaving for Fort Knox, Ky., to serve in the armed forces. His fiancée, Miss Sandra Iwen and sister, Susan, and a friend from Saginaw also visited his parents.

Mr. and Mrs. Wilbur Wygralak of Green Bay, spent a few days here visiting at the home of their parents, Mr. and Mrs. George Lauer and with their daughter, Mrs. Richard Brown and family at McMillan.

Mr. and Mrs. Kenneth Gehrett and family are visiting with her sister and family at Clifford, Mich.

Mr. and Mrs. Peter Bugg and son of Augusta, Mich., visited at the home of her sister, Mrs. H. Stamper and family.

Mr. and Mrs. Robert Crackle of Plymouth visited at the home of Mr. and Mrs. Delmer Humphrey Sr. for a few days.

Mrs. Anne Crisler, Portage Township Supervisor and Clyde Nelson of St. Ignace, attended a meeting at Iron Mountain Tuesday, representing the Mackinac County Board of Supervisors at the Upper Michigan Tourist Association directors meeting.

Mrs. Florence Burk, Mrs. Elmer Stamper and Miss Cheryl Pierce motored to Ypsilanti where Miss Pierce enrolled in Eastern State University. Mrs. Burk and Mrs. Stamper remained for a few days visit at the home of Mr. and Mrs. Joseph Nannery and family at Ypsilanti.

Watt Stamper recently took a 16 pound pike from North Manistique Lake.

The Curtis Quilters met at the home of Mrs. Wanda Rossin, Thursday.

The Community Ladies Aid met Tuesday at the home of Mrs. Edmond Cooper. The next meeting will be held March 8 at the home of Mrs. Lou Patton.

Glen Metcalf had surgery at the Butterworth Hospital at Grand Rapids Monday and is reported as improving.

Mrs. Nina Buhl and Miss Darlene Lavery took Mrs. May Howard to see her grandson, Carley, at St. Luke's Hospital in Marquette.

Pfc. Robert Swisher is a patient at United States Air Force Hospital at Wiesbaden, Germany.

Mr. and Mrs. Charles Closs and daughter, Gayle of St. Ignace visited at home of Mr. and Mrs. J. Hartwick Sunday.

Walter Buhl of Detroit spent the weekend with his family here.

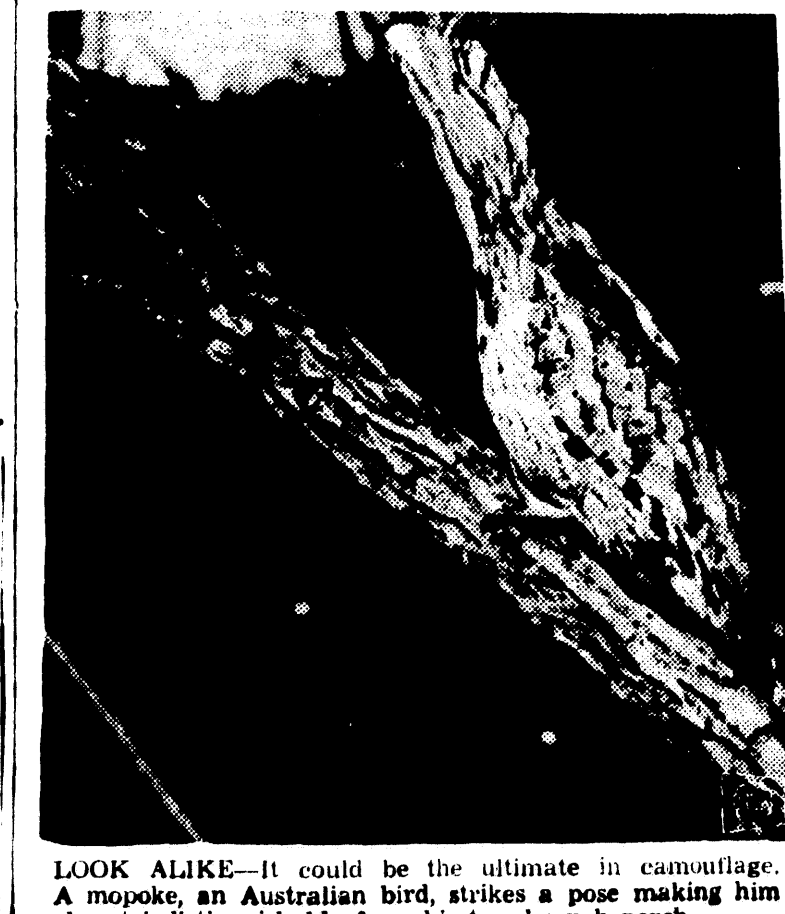

Oral Randal was taken by ambulance from the Tahquamenon General Hospital at Newberry to Sault Ste. Marie, where he was flown to the University Hospital at Ann Arbor. He had been injured by a falling tree on his farm while cutting wood.

The Portage Township Board held a business meeting Saturday at the Township Hall at Curtis.

Carley Howard, who has been a patient at St. Luke's Hospital at Marquette, was taken to the University Hospital at Ann Arbor. His grandmother, Mrs. May Howard accompanied him.

Mr. and Mrs. William Dennis motored to Marquette, where Mrs. Dennis went for a check-up. Edgar Smith accompanied them and visited with his mother, Mrs. Ethel Stark at St. Luke's Hospital.

Vermont's name was suggested by Dr. Young of Philadelphia, from Vert - Mont, which means Green Mountain.

Rainbow Trout Catches Good

Good catches of rainbow trout are reported in Bass and Camp 8 lakes, Luce County, Munising Bay, Alger County, Highbanks Lake of Chippewa County and Island Lake, in Schoolcraft County, the Conservation Department reports. Evening fishing has been most successful on Island Lake.

Good catches of perch have been taken from Hulbert Lake, Chippewa County, and Bass Lake in Luce County, with best catches early and late in the day. The Sloughs area near Manistique in Schoolcraft County also has had good perch fishing.

In the Les Cheneaux area of Mackinac County good-sized perch, up to one pound, have been taken using wigglers for bait. Ice conditions are reported excellent. Some big perch have been taken in Millecoquins Lake in Mackinac County.

Smelt catches have been good especially at dawn and dusk or Hulbert and Highbanks lakes. Good catches also were made in Munising Bay and fair ones on Grand Sable Lake, Alger County.

A few pike are being taken from Big Manistique Lake in Luce-Mackinac counties and by spearing in the Sloughs area a Manistique. Northern pike spearing is reported good on Frenchman Lake and fair on Carp Lake, Chippewa County. The Muscallonge Bay in Mackinac County has good pike spearing. Ice conditions are reported excellent and shanties can be rented.

Good-sized northern pike are being taken from Millecoquins Lake, Mackinac County, where a 37-inch northern weighin approximately 15 pounds was recently caught. Fair pike fishing is reported on South Manistique Lake (Whitfish Lake in Mackinac County).

A few walleye have been taken from Big Manistique Lake, and a few cisco. Herrin fishing in the Shallows area of Chippewa County dropped due to ice break-up and whitetis activity on Mosquito Bay has slowed due to weather.

The VFW Auxiliary meets Feb. 21 at 8 p.m. in the VFW clubrooms. Hostesses will be Mmes. Earl Malloch Sr., chairman, Martin Beaudre, Alex Cooper, Joseph Carefelle and Gernund Berwin.

Members of the City Council have been invited to an 11:30 a.m. luncheon at Manistique High School March 2 to discuss school reorganization.

The Board of Review session of the City of Manistique is scheduled to begin March 8.

Mrs. Alex (Florence Meron) is a patient in Room 236 of St. Vincent Hospital, (835 S. Van Buren), Green Bay, Wis.

Hospital

Admitted to Schoolcraft Memorial Hospital were Ray Hastings, Gulliver; Larry Dewey, Indian Lake; Leonard Walters, Lake Shore Drive; Rudolph Gereau, Nahma; Donald Leach, Gulliver; Edith Anderson, 102 Main; Mary Villeneuve, Manistique Ave; Sheila Wilson, N. Mackinac and Joseph Braeger, 312 N. 3rd.

Discharged were Joyce Demars, Mary Lou Anderson, Barbara Segerstrom and baby, Phyllis Hebert.

Mrs. Bundy's Father Dies

Elmore T. Howe, 89, of Parma, father of Mrs. H. K. Bundy, died Wednesday in Jackson, Mich. He had been ill six months. He was a life-long resident of Jackson County, where he farmed. Funeral services are tentatively planned Friday.

Sadly Missed By William L. Gray and families

1. Card of Thanks

Laitinen

We wish to express our heartfelt thanks to our many friends and neighbors who by their acts of kindness in the recent death of our father, John Laitinen, helped to lighten our burden of sorrow. Especially do we thank the pallbearers, friends who sent floral bouquets, and those who helped before and during the services. Your kindness will never be forgotten.

The Ranta, Waak and Laitinen Families

NOTICE
Many listings in the "Male" or "Female" columns are not intended to exclude or discourage applications from persons of the other sex. Such listings may be used because some occupations are considered more attractive to persons of one sex than the other. Discrimination in employment because of sex is prohibited by the 1964 Federal Civil Rights Act with certain exceptions (and by the law of Michigan). Employment agencies and employers covered by the Act must indicate in their advertisement whether or not the listed positions are available to both sexes.

Desire To Differ Is Saving Grace

By HAL BOYLE
NEW YORK (AP) — The most saving grace of man is his desire to be different.
We live in an age of mass conformity. But no matter how meek and obedient to patterns and programs we all may be, each one of us has a secret passion against anonymity.
If you become well enough acquainted with any person, you will find he cherishes some fact of distinction that yields him separate identity. It is a very human need.

For example, once I met a man of late middle years who, while reminiscing, remarked he had turned in two fire alarms during his life.

"What's so unusual about that?" one of his listeners asked.

"Well," said the man, "have you ever met anyone else who has turned in two fire alarms?"

Some Deliberate

His point was obvious. Most people are born, married, raise a family, pay off a mortgage, and die without ever having to turn in even one fire alarm.

Some people become stand-outs on purpose. Like Alexander the Great, they conquer the world. Or they sell a refrigerator to an Eskimo.

Those are deliberate men of distinction. They win immortality or brief notoriety by great deeds or freak performances that catch the long admiration or short-lived attention of mankind.

William Shakespeare, naturally, will be remembered as long as the English language is. Turning to the other category, perhaps the name of Philip Yazdzik already has faded from your memory. But in Chicago on April 25, 1955, Yazdzik accomplished the record feat of consuming 77 hamburgers at one sitting.

But whether he seeks or avoids the glare of the limelight, a man can always find

something in his life that lifts him from the dead level of the commonplace. Something has happened to him somewhere along the way that makes him different.

Is Only "Rover"
And the difference doesn't have to be an occurrence rich or greatly strange.

Mulling over the distinctions that set me apart from my fel-

lows. I think I have three that are perhaps noteworthy:

So far as I know, I am the only American who broke a molar while chewing on a candy-bar during our military campaign in Tunisia in 1943.

So far as I know, I am the only husband in the United States whose wife calls him "Rover."

So far as I know, I am the

only living human being who has been hit by a parked bridge in Missouri while riding in an auto, struck by a motorcycle while watching a parade in Paris, and run over by a horse-drawn milk wagon in Greenwich Village.

These may be odd claims to individual fame, but they helped make me me. What happened to make you you?

State Boosts Mental Aid

LANSING (AP) — The Senate has passed a mental health measure which may lead to tripling of state aid to mental health facilities next fiscal year.

The House-approved bill eliminates the means test for clinic patients and removes a ceiling for state help to a given area.

The bill also confirms that the state will pay 75 per cent of the cost of such clinics rather than 50 per cent. Such a boost was provided in the current year's \$4.5 million appropriation.

Currently the state cannot spend more than \$1 per capita to any county participating in the program. This, a county of 300,000 residents gets no more than \$300,000. This ceiling is removed.

Elimination of the means test will not mean free care for the well-to-do. Those who can pay must pay their bill for clinic services.

But, Appropriations Committee Chairman Sen. Garland Lane, D-Flint, said opening of the clinics to all patients will provide quicker diagnosis for seriously-ill persons who may need immediate help and be unable to locate a private psychiatrist.

Lane said no more than \$2.5 of the current appropriation will be spent as the three-year-old program continues to get started.

He predicted, however, that appropriations for 1966-67 would be in the area of \$7.5 million.

Task Force Still Seeking Bomb Lost Off Spain

PALOMARES BEACH, Spain (AP) — Nearly 5,000 men are still looking on land and at sea for secret equipment including a nuclear bomb lost a month ago Thursday when a U.S. B-52 bomber crashed along the Spanish coast after colliding with a flying tanker.

About half the big bomber fell on shore and the other half into the Mediterranean, scattering highly classified wreckage over a wide area. Seven crewmen from the two planes perished.

Official sources said three of the four nuclear weapons the bomber carried were recovered ashore. A special naval task force with two midjet submarines equipped for deep-sea recovery operations are ostensibly still seeking the fourth.

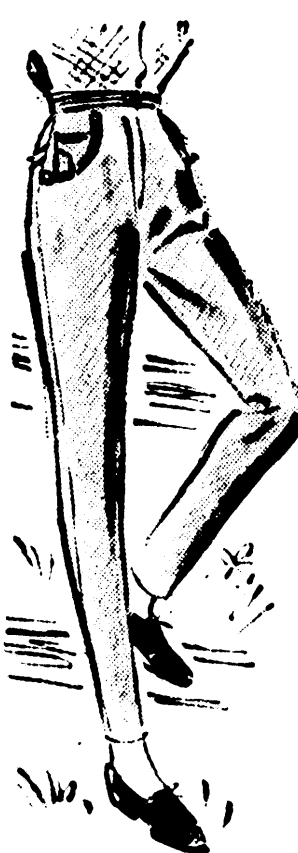

Speculation, prompted by Spanish news reports, has grown in the past two days that the bomb has been recovered and is en route to the United States aboard ship.

U.S. officials refused to comment on such speculation.

Air Force teams are continuing to search as far as a mile inland where some of the wreckage was recovered.

MISSES' famous Western Style "SCRUB DENIM" JEANS

Only \$3.99

Take heavy work denim, beat it, work it out to a beautiful suede-like finish—and you get "scrub denim"... so good looking, so wonderful to wear. These Western style jeans in faded blue. Sizes 8-16.
